1978

Architect's House on Tuck
(Province of Perugia, Italy)

Plans, shape and disposition:
Not only the functional and structural matters operative in the evolution of a building should be visualized but also those which seek to give it significant form. J. M. Lattuada sets aside by an open structure which gets away from the memorability of the solid. Such deliberate sculptural handling makes the "house" into a three-dimensional complex of dynamic architecture.
