Architecture According To Pigeons:

Architecture According to Pigeons Speck Lee Tailfeather, 2013-10-28 Hello I am Speck Come along come along Architecture According to Pigeons is a fun lively introduction for children to world s most beautiful buildings In this delightful book Speck Lee Tailfeather reveals that he and his fellow pigeons are in fact great aficionados of architecture Speck delivers his account of a journey around the globe offering a bird s eye view of the Colosseum the Taj Mahal Golden Gate Bridge the Sydney Opera House the Eiffel Tower Frank Lloyd Wright s Fallingwater and dozens of other buildings to delight children and parents alike

Animal Architecture Paul Dobraszczyk, 2023-05-17 A provocative call for architects to remember and embrace the nonhuman lives that share our spaces A spider spinning its web in a dark corner Wasps building a nest under a roof There s hardly any part of the built environment that can t be inhabited by nonhumans and yet we are extremely selective about which animals we keep in or out This book imagines new ways of thinking about architecture and the more than human and asks how we might design with animals and the other lives that share our spaces in mind Animal Architecture is a provocative exploration of how to think about building in a world where humans and other animals are already entangled whether we acknowledge it or not

Planning to Build with an Architect Joan Stoltman, 2018-07-15 Finally there s a book that provides a chance for young readers to really understand and be inspired by the physical structures that surround them every day In this volume readers discover that someone meticulously designs all the little details that make each building in their town or city unique Packed with activities to do at home the text cultivates interest and exploration into the world of engineering and architecture through bold graphics full color photography age appropriate language and hard concepts made tangible

Young Architects at Play Ann Gadzikowski, 2020-12-29 When children build with blocks they are both literally and figuratively constructing their knowledge of the world When we see children s construction play through the lens of architecture we are able to support and extend children s learning on all four STEM subjects science technology engineering and math Young Architects at Play is a guide for both teachers and parents and includes a diverse variety of activities and resources More than 20 projects involve both traditional classroom materials like unit blocks as well as natural materials found objects cardboard and authentic woodworking materials Throughout the book Ann Gadzikowski makes meaningful connections between STEM learning and the power of stories both the children s own narratives as well as the rich diversity of stories and illustrations from children s literature

A History of the World with the Women Put Back In Kerstin Lückner, Ute Daenschel, 2019-09-16 Who says that daughters cannot be heroic Once upon a time history was written by men for men and about men Women were deemed less important their letters destroyed their stories ignored Not any more This is the story of women who went to war women who stopped war and women who stayed at home The rulers The fighters The activists The writers This is the story of Wu Zetian who as Chinese Emperor helped to spread Buddhism in China This is the story of Genghis Khan s powerful daughters who ruled his empire for him This is the

story of Christine de Pizan one of the earliest feminist writers This is the story of Victoria Woodhull who ran for president before she could even vote for one This is the story of the world with the women put back in [Boost Your STEAM Program with Great Literature and Activities](#) Liz Knowles,Martha Smith,2018-06-01 You ve created a STEAM program in your library but how do you work literacy into the curriculum With this collection of resource recommendations direction for program development and activities you ll have students reading proficiently in no time Many schools and libraries are implementing STEAM programs in the school library makerspace to promote problem solving by allowing students to create their own solutions to a problem through trial and error In order to enhance literacy development in the STEAM program however they need resources for integrating literature into the curriculum In this collection of resources for doing just that veteran education professionals and practiced coauthors Liz Knowles and Martha Smith bring readers over eight hundred recommended and annotated books and web resources selected based on research on successfully integrating STEAM and literacy programs and organized by the five STEAM areas Titles are complemented by discussion questions and problem solving activities that will aid educators in both adding and using the best literature to their STEAM programs for encouraging learning In addition to promoting literacy these resources will help to develop creativity lateral thinking skills and confidence in students [Teaching Mathematics Creatively](#) Linda Pound,Trisha Lee,2021-09-30 This revised and updated third edition offers a range of strategies activities and ideas to bring mathematics to life in the primary classroom Taking an innovative and playful approach to maths teaching this book promotes creativity as a key element of practice and offers ideas to help your students develop knowledge understanding and enjoyment of the subject In the creative classroom mathematics becomes a tool to build confidence develop problem solving skills and motivate children The fresh approaches explored in this book include a range of activities such as storytelling music and construction elevating maths learning beyond subject knowledge itself to enable students to see mathematics in a new way Key chapters of this book explore Learning maths outdoors make more noise make more mess or work on a larger scale Everyday maths making sense of the numbers patterns shapes and measures children see around them Music and maths the role of rhythm in learning and music and pattern in maths Stimulating accessible and underpinned by the latest research and theory this is essential reading for trainee and practising teachers who wish to embed creative approaches to maths teaching in their classroom **STEAM Makers** Jacie Maslyk,2016-02-17 Build the essential 4 creativity collaboration communication and critical thinking Go beyond theory and learn how to systematically integrate STEAM and Maker spaces that prepare students for real world experiences This engaging resource outlines step by step processes to help anyone start their STEAM and Maker journey Includes charts checklists web links and profiles to help you make meaningful subject area connections and tap your students natural curiosity You ll learn to Integrate STEAM and Making into daily practice Differentiate instruction for all learners Align with core standards and The Next Generation Science Standards **Subnature** David Gissen,2012-03-20 We are

conditioned over time to regard environmental forces such as dust mud gas smoke debris weeds and insects as inimical to architecture Much of today s discussion about sustainable and green design revolves around efforts to clean or filter out these primitive elements While mostly the direct result of human habitation these subnatural forces are nothing new In fact our ability to manage these forces has long defined the limits of civilized life From its origins architecture has been engaged in both fighting and embracing these so called destructive forces In *Subnature* David Gissen author of our critically acclaimed *Big and Green* examines experimental work by today s leading designers scholars philosophers and biologists that rejects the idea that humans can somehow recreate a purely natural world free of the untidy elements that actually constitute nature Each chapter provides an examination of a particular form of subnature and its actualization in contemporary design practice The exhilarating and at times unsettling work featured in *Subnature* suggests an alternative view of natural processes and ecosystems and their relationships to human society and architecture R Sie n s Mosquito Bottleneck house in Trinidad uses a skin that actually attracts mosquitoes and moves them through the building while keeping them separate from the occupants In his building designs the architect Philippe Rahm draws the dank air from the earth and the gasses and moisture from our breath to define new forms of spatial experience In his *Underground House* Mollier House and *Omnisport Hall* Rahm forces us to consider the odor of soil and the emissions from our body as the natural context of a future architecture Cero 9 s design for the Magic Mountain captures excess heat emitted from a power generator in Ames Iowa to fuel a rose garden that embellishes the industrial site and creates a natural mountain rising above the city s skyline *Subnature* looks beyond LEED ratings green roofs and solar panels toward a progressive architecture based on a radical new conception of nature
