Working Together to Improve Literacy Graham Foster, 2008 This practical book shows literacy leaders how to win the support of the whole school community and implement school wide initiatives that improve student reading and writing. Exemplary reading and writing projects are introduced along with strategies for successful collaboration in a variety of situations. This comprehensive resource clarifies the role of coach or principal and recognizes how important the empowerment of teachers is throughout the collaborative process

Handbook of Teaching for Physical Therapists Gail M. Jensen, Elizabeth Mostrom, 2012-06-18 Whether you are practicing in an inpatient or an outpatient facility, academic institution, or clinical residency program, this well-respected handbook gives you the background and guidance you need to effectively educate individuals across the continuum of physical therapy practice. Practical real-life examples show you how to incorporate health literacy and needs of the learner, assess and adapt to the various learning styles of patients, use simulations in education, facilitate the development of clinical reasoning skills, and assess learning outcomes and the effectiveness of your teaching. Plus, four all-new chapters and major revisions of all content throughout the book keep you on top of the latest research and best practices. Coverage of the theory and application of educational principles across the continuum of PT practice provides the information you need to improve your skills in the educational process, both in academic and clinical settings. Two-section format divides content into two parts: designing academic and clinical education programs and teaching students in academic and clinical settings, and teaching patients and families in clinical and community settings. Variety of teaching and teaching assessment methods expands your teaching, learning, and assessment repertoires. Case stories at the beginning of each chapter allow you to see the relevance of the information in the chapter. Threshold concepts highlight key ideas that are important to know. Annotated bibliography at end of each chapter provides resources for further study. NEW Chapter on Authentic Assessment Simulation Based Education reflects the new ways to

facilitate student learning through the use of human simulation models NEW Chapter on Strategies for Planning and Implementing Interprofessional Education covers the fundamental concepts of team based care and interprofessional learning NEW Chapter on What Makes a Good Clinical Teacher translates current research on clinical teaching into clinical education and practice NEW Chapter on Facilitating the Teaching and Learning of Clinical Reasoning helps you apply current research on clinical reasoning in rehabilitation to clinical education and teaching NEW Two combined chapters on Patient Education and Health Literacy previously chapters 8 and 12 and Applied Behavioral Theory and Adherence Models for Practice previously chapters 9 and 10 provide focused presentations on current thinking and practical strategies for addressing health literacy issues in the clinical environment NEW Expanded chapter on Post Professional Clinical Residency and Fellowship Education offers more information on models and trends in residency education and mentoring
