2015 U.S. Higher Education Faculty Awards, Vol. 1 Faculty Awards, 2015-11-30 FacultyAwards.org is the first and only university awards program in the United States based on faculty peer evaluation Faculty Awards was created to recognize outstanding faculty members as viewed by their Faculty peers at colleges and universities across the United States Faculty members voted through the 2014 2015 academic year for their peers at their academic departments and schools within a number of

categories Access to FacultyAwards.org to nominate and vote for Faculty was limited to university professors or faculty members at accredited U.S. institutions of higher education. Faculty members were nominated and voted for by other faculty members in their own academic departments and schools. We strove to maintain an accurate peer review process. Voting was not open to students or the public at large. In addition, faculty members voted for educators only at their own college or university. Winners for the 2014-2015 academic year in all departments and colleges across U.S. institutions of higher education were announced in March 2015 and are permanently archived at FacultyAwards.org as well as recognized in this 2015 print edition of the Faculty Awards Compendium. For the academic year 2014-2015, votes were cast to nominate and vote for Faculty members and no self-voting was allowed to assure the integrity of the whole process. This volume of the Faculty Awards Compendium includes Faculty awardees within Fine Arts, Humanities, Liberal Arts, and Social Sciences Disciplines for the 2014-2015 academic year. A total of 1608 winning Faculty members in 584 higher education institutions were determined after tallying the votes. We would like to thank all Faculty members who participated in the voting process and to wish all the Faculty awardees continued success in their academic endeavors. We look forward to resuming the voting process for the 2015-2016 academic year awards.
