African Religions A Very Short Introduction Very Short Introductions:

African Religions: A Very Short Introduction Jacob K. Olupona, 2014-02-14 What are African religions African Religions A Very Short Introduction answers this question by examining primarily indigenous religious traditions on the African continent as well as exploring Christianity and Islam It focuses on the diversity of ethnic groups languages cultures and worldviews emphasizing the continent's regional diversity Olupona examines a wide range of African religious traditions on their own terms and in their social cultural and political contexts For example the book moves beyond ethnographic descriptions and interpretations of core beliefs and practices to look at how African religion has engaged issues of socioeconomic development and power relations Olupona examines the myths and sacred stories about the origins of the universe that define ethnic groups and national identities throughout Africa He also discusses spiritual agents in the African cosmos such as God spirits and ancestors In addition to myths and deities Olupona focuses on the people central to African religions including medicine men and women rainmakers witches magicians and divine kings and how they serve as authority figures and intermediaries between the social world and the cosmic realm African Religions A Very Short Introduction discusses a wide variety of religious practices including music and dance calendrical rituals and festivals celebrations for the gods birthdays and rituals accompanying stages of life such as birth puberty marriage elderhood and death In addition to exploring indigenous religions Olupona examines the ways Islam and Christianity as outside traditions encountered indigenous African religion He shows how these incoming faith traditions altered the face and the future of indigenous African religions as well as how indigenous religions shaped two world religions in Africa and the diaspora Olupona draws on archaeological and historical sources as well as ethnographic materials based on fieldwork He shows that African religions are not static traditions but have responded to changes within their local communities and to fluxes caused by outside influences and spread with diaspora and migration

African American Religion: A Very Short Introduction Eddie S. Glaude Jr., 2014-08-27 Since the first African American denomination was established in Philadelphia in 1818 churches have gone beyond their role as spiritual guides in African American communities and have served as civic institutions spaces for education and sites for the cultivation of individuality and identities in the face of limited or non-existent freedom In this Very Short Introduction Eddie S. Glaude Jr explores the history and circumstances of African American religion through three examples conjure African American Christianity and African American Islam He argues that the phrase African American religion is meaningful only insofar as it describes how through religion African Americans have responded to oppressive conditions including slavery Jim Crow apartheid and the pervasive and institutionalized discrimination that exists today This bold claim frames his interpretation of the historical record of the wide diversity of religious experiences in the African American community He rejects the common tendency to racialize African American religious experiences as an inherent proclivity towards religiousness and instead focuses on how religious communities and experiences have developed in the African American

community and the context in which these developments took place About the Series Oxford's Very Short Introductions series offers concise and original introductions to a wide range of subjects from Islam to Sociology Politics to Classics Literary Theory to History and Archaeology to the Bible Not simply a textbook of definitions each volume in this series provides trenchant and provocative yet always balanced and complete discussions of the central issues in a given discipline or field Every Very Short Introduction gives a readable evolution of the subject in question demonstrating how the subject has developed and how it has influenced society Eventually the series will encompass every major academic discipline offering all students an accessible and abundant reference library Whatever the area of study that one deems important or appealing whatever the topic that fascinates the general reader the Very Short Introductions series has a handy and affordable guide that will likely prove indispensable

The ^AAbrahamic Religions: A Very Short Introduction Charles L. Cohen, 2019-12-11 Connected by their veneration of the One God proclaimed by Abraham Judaism Christianity and Islam share much beyond their origins in the ancient Israel of the Old Testament This Very Short Introduction explores the intertwined histories of these monotheistic religions from the emergence of Christianity and Islam to the violence of the Crusades and the cultural exchanges of al Andalus

Philosophy of Religion: A Very Short Introduction Tim Bayne, 2018-01-25 What is the philosophy of religion How can we distinguish it from theology on the one hand and the psychology sociology of religious belief on the other What does it mean to describe God as eternal And should religious people want there to be good arguments for the existence of God or is religious belief only authentic in the absence of these good arguments In this Very Short Introduction Tim Bayne introduces the field of philosophy of religion and engages with some of the most burning questions that philosophers discuss Considering how religion should be defined and whether we even need to be able to define it in order to engage in the philosophy of religion he goes on to discuss whether the existence of God matters Exploring the problem of evil Bayne also debates the connection between faith and reason and the related question of what role reason should play in religious contexts Shedding light on the relationship between science and religion Bayne finishes by considering the topics of reincarnation and the afterlife ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Religion: A Very Short Introduction Thomas A. Tweed, 2020-09-25 Religion plays a central role in human experience Billions of people around the world practice a faith and act in accordance with it Religion shapes how they enter the world and how they leave it how they eat dress marry and raise their children It shapes their assumptions about who they are and who they want to be Religion also identifies insiders and outsiders who has power and who doesn't It sanctifies injustice and combats it It draws national borders It affects law economy and government It destroys and restores the environment It starts wars and ends them Whether you notice it or not

religion plays a role in how billions conduct their lives We are called then to understand this important factor in human life today Beginning with the first signs of religion among ancient humans and concluding with a look at modern citizens and global trends leading scholar Thomas Tweed examines this powerful and enduring force in human society Tweed deftly documents religion as it exists around the world addressing its role in both intensifying and alleviating contemporary political and environmental problems from armed conflict to climate change Religion A Very Short Introduction offers a concise non partisan overview of religion s long history and its complicated role in the world today **Ancient Assyria: A Very Short Introduction**

Karen Radner,2015-03-26 Assyria was one of the most influential kingdoms of the Ancient Near East In this Very Short Introduction Karen Radner sketches the history of Assyria from city state to empire from the early 2nd millennium BC to the end of the 7th century BC Since the archaeological rediscovery of Assyria in the mid 19th century its cities have been excavated extensively in Iraq Syria Turkey and Israel with further sites in Iran Lebanon and Jordan providing important information The Assyrian Empire was one of the most geographically vast socially diverse multicultural and multi ethnic states of the early first millennium BC Using archaeological records Radner provides insights into the lives of the inhabitants of the kingdom highlighting the diversity of human experiences in the Assyrian Empire ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **Home: A Very Short Introduction**

Michael Allen Fox,2016-12-01 Thoughts and feelings about home traditionally provided people of all cultures with a firm sense of where they belonged and why But with the world rapidly changing many of our basic notions are becoming problematic Both internationally and within countries populations are constantly on the move seeking better opportunities and living conditions or an escape from violence and war In spite of or perhaps even because of these trends ideas about home continue to shape the way people everywhere frame an understanding of their lives In this Very Short Introduction Michael Allen Fox considers the complex meaning of home and the essential importance of place to human psychology Drawing on a wide array of international examples he discusses what dwelling is and the variety of dwellings Fox also looks at the politics of the concept of home homelessness refugeeism and migration and the future of home and argues that home remains a central organizing concept in human life ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **Judaism: A Very Short Introduction**

Norman Solomon,2014-08-28 Norman Solomon s succinct book is an ideal introduction to Judaism as a religion and way of life Demonstrating the diverse nature and ethnic origin of those with the Jewish faith Solomon explores how the Jewish religion has developed in the 2 000

years since the days of the Bible This Very Short Introduction starts by outlining the basics of practical Judaism its festivals prayers customs and various sects and goes on to consider how Judaism has responded to and dealt with a number of key issues and debates including the impact of the Holocaust and the establishment of the State of Israel In this new edition Solomon considers issues of contemporary Judaism in the twenty first century ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **Logic: A Very Short Introduction**

Graham Priest,2017-10-19 Logic is often perceived as having little to do with the rest of philosophy and even less to do with real life In this lively and accessible introduction Graham Priest shows how wrong this conception is He explores the philosophical roots of the subject explaining how modern formal logic deals with issues ranging from the existence of God and the reality of time to paradoxes of probability and decision theory Along the way the basics of formal logic are explained in simple non technical terms showing that logic is a powerful and exciting part of modern philosophy In this new edition Graham Priest expands his discussion to cover the subjects of algorithms and axioms and proofs in mathematics ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **African**

Politics: A Very Short Introduction Ian Taylor,2018-09-20 Africa is a continent of 54 countries and over a billion people However despite the rich diversity of the African experience it is striking that continuations and themes seem to be reflected across the continent particularly south of the Sahara Questions of underdevelopment outside exploitation and misrule are characteristic of many if not most states in Sub Saharan Africa In this Very Short Introduction Ian Taylor explores how politics is practiced on the African continent considering the nature of the state in Sub Saharan Africa and why its state structures are generally weaker than elsewhere in the world Exploring the historical and contemporary factors which account for Africa s underdevelopment he also analyses why some African countries suffer from high levels of political violence while others are spared Unveiling the ways in which African state and society actually function beyond the formal institutional facade Taylor discusses how external factors both inherited and contemporary act upon the continent ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable
