After Buddhism Rethinking The Dharma For A Secular Age:

After Buddhism Stephen Batchelor, 2015-01-01 A renowned Buddhist teacher's magnum opus based on his fresh reading of the tradition's earliest texts. Some twenty-five centuries after the Buddha started teaching, his message continues to inspire people across the globe, including those living in predominantly secular societies. What does it mean to adapt religious practices to secular contexts? Stephen Batchelor, an internationally known author and teacher, is committed to a secularized version of the Buddha's teachings. The time has come, he feels, to articulate a coherent ethical, contemplative, and philosophical vision of Buddhism for our age. *After Buddhism*, the culmination of four decades of study and practice in the Tibetan, Zen, and Theravada traditions, is his attempt to set the record straight about who the Buddha was and what he was trying to teach. Combining critical readings of the earliest canonical texts with narrative accounts of five members of the Buddha's inner circle, Batchelor depicts the Buddha as a pragmatic ethicist rather than a dogmatic metaphysician. He envisions Buddhism as a constantly evolving culture of awakening whose long survival is due to its capacity to reinvent itself and interact creatively with each society it encounters. This original and provocative book presents a new framework for understanding the remarkable spread of Buddhism in today's globalized world. It also reminds us of what was so startling about the Buddha's vision of human flourishing. Reimagining Zen in a Secular Age André van der Braak, 2020-08-03

In *Reimagining Zen in a Secular Age*, André van der Braak offers an account of the exciting but also problematic encounter between enchanted Japanese Zen Buddhism and secular Western modernity over the past century, using Charles Taylor's magnum opus *A Secular Age* as an interpretative lens. As the tenuous compromises of various forms of Zen modernism are breaking down, today new imaginings of Zen are urgently needed that go beyond both a Romantic mystical Zen and a secular mindfulness Zen. As a Zen scholar-practitioner, André van der Braak shows that the Zen philosophy of the 13th-century Zen master Dōgen offers much resources for new hermeneutical, embodied, non-instrumental, and communal approaches to contemporary Zen theory and practice in the West. **Buddhism and Human Flourishing** Seth Zuihō Segall, 2020-02-27

The Buddha and Aristotle offer competing visions of the best possible life to which human beings can aspire. In this volume, Seth Zuihō Segall compares Theravāda and Mahāyāna accounts of enlightenment with Aristotelian and neo-Aristotelian accounts of eudaimonia and proposes a syncretic model of eudaimonic enlightenment that, given prevalent Western beliefs about well-being and human flourishing, provides a credible new end goal for modern Western Buddhist practice. He then demonstrates how this proposed synthesis is already deeply reflected in contemporary Western Buddhist rhetoric. Segall re-evaluates traditional Buddhist teachings on desire, attachment, aversion, nirvāṇa, and selfhood from the eudaimonic enlightenment perspective and explores the perspective's ethical and metaphysical implications. **Mindfulness-Based Stress Reduction** Susan L.
