Arabic English Calandar 2014:

Handbook of Arab American Psychology Mona Amer, Germinie Awad, 2015-11-19 The Handbook of Arab American Psychology is the first major publication to comprehensively discuss the Arab American ethnic group from a lens that is primarily psychological. This edited book contains a comprehensive review of the cutting edge research related to Arab Americans and offers a critical analysis regarding the methodologies and applications of the scholarly literature. It is a landmark text for both multicultural psychology as well as for Arab American scholarship. Considering the post 9/11 socio-political context in which Arab Americans are under ongoing scrutiny and attention as well as numerous misunderstandings and biases against this group, this text is timely and essential. Chapters in the Handbook of Arab American Psychology highlight the most substantial areas of psychological research with this population relevant to diverse sub-disciplines including cultural, social, developmental, counseling, clinical, health, and community psychologies. Chapters also include content that intersect with related fields such as sociology, American studies, cultural, ethnic studies, social work, and public health. The chapters are written by distinguished scholars who merge their expertise with a review of the empirical data in order to provide the most updated presentation of scholarship about this population. The Handbook of Arab American Psychology offers a noteworthy contribution to the field of multicultural psychology and joins references on other racial/ethnic minority groups including Handbook of African American Psychology, Handbook of Asian American Psychology, Handbook of U.S. Latino Psychology, and The Handbook of Chicana/o Psychology and Mental Health.

The Routledge Handbook of Arabic Translation Sameh Hanna, Hanem El-Farahaty, Abdel-Wahab Khalifa, 2019-12-09 Translation related activities from and into Arabic have significantly increased in the last few years in both scope and scale. The launch of a number of national translation projects, policies, and awards in a number of Arab countries together with the increasing translation from Arabic in a wide range of subject areas outside the Arab World, especially in the aftermath of the Arab Spring, have complicated and diversified the dynamics of the translation industry involving Arabic. The Routledge Handbook of Arabic Translation seeks to explicate Arabic translation practice, pedagogy, and scholarship with the aim of producing a state-of-the-art reference book that maps out these areas and meets the pedagogical and research needs of advanced undergraduate and postgraduate students as well as active researchers.

Towards an Islamic Lunisolar Calendar Hisham Abad, 2021-04-10 The Calendar was invented in ancient times to allow nations to pace their economic and social activities with climatic seasons. Throughout the history of civilizations, much depended on organizing and administering an accurate calendar. Hunter-gatherers needed the calendar to predict the migrations of herds of wild animals. As humanity advanced, farming communities required calendars to predict the coming of rain or the time of the flooding of rivers. Traders and seafaring communities needed to map the best time of the year to tackle the dangers of seas when sailing far from home. In contemporary times of globalization, calendars have become even more critical in optimizing the complex supply chains of local and global

production cycles Oral traditions ascertain that the Arabs of the Arabian Peninsula used a rudimentary lunisolar calendar called in the literature the Arabian Calendar Like with all nations the lunisolar Arabian Calendar helped the Arabs organize their meager resources in the best ways possible For example research showed that the ajj season and its pan Arabian markets were scheduled to coincide with the date harvesting season peaking from July to September The abundance of the date harvest available in this period along with assigning the concept of inviolability to the Arabian months spanning this season allowed them to travel across Arabia to Mecca to trade in the pan Arabian markets and to participate in the religious rituals of their pilgrimage the ajj It is asserted in this book that Prophet Mu ammad followed the lunisolar Arabian Calendar all his life At the end of the tenth year after he migrated from Mecca to Med na and during his Farewell Pilgrimage the Qur n sternly abolished the process of intercalation i e the Nas the very process which allowed the Arabs to organize their various economic and religious activities When Caliph Umar ibn al Kha b initiated the Hijri Calendar seven years after Prophet Mu ammad death i e in 17 AH he founded it as purely lunar which meant its months were allowed to float within the solar year Caliph Umar is famous for his zeal in protecting the fundamental Islamic principle of monotheism This I show was the reason for introducing the Hijri Calendar as purely lunar because Nas i e Quraysh s method of intercalation was hopelessly entangled with the polytheistic religion of Quraysh the Prophet s tribe and the guardian of the holy places in Mecca and its environs The harmful effects of following the purely lunar Hijri Calendar were realized from early on But the prohibition of Nas inhibited the early Islamic caliphs from reforming the Hijri Calendar This book explores the history of the Arabian Calendar and its intimate connection with the Hijri Calendar The main findings of this book are as follows 1 The main ajj shrines in Macca are aligned in the direction of sunrises and sunsets of the Summer Solstice day 2 Quraysh intercalated its Arabian Calendar by forcing the Summer Solstice SS Day to occur within the 11th month of the Arabian Calendar Shaww l The Nas month was added when the onset of the SS was about to transfer to into the 11th month Dh l Qa da 3 The onset of the SS day was determined through the sunset alignment along the line joining the posts of al Wos and al Aqaba Jamar t and also by observing the sun rising from behind the peak of mount Thab r from the location of the sacrificial altar of pre Islamic Mina 4 The Prophet arrived in his migration from Mecca to Med na on the Days of sh r which corresponded to the dates of 8th of Rab I the 10th of the Hebrew month Tishri and to the 23rd of September 632 5 The epoch of the Hijri Calendar must be adjusted back by two days from the epoch used so far 6 The Farewell Pilgrimage occurred in autumn on September 4 632 CE not in spring on March 11 632 CE

Reimagining Arab Political Identity Salam Hawa, 2021-10-18 This book discusses the idea that Arab cultural and political identity has been suppressed by centuries of dominance by imperial outsiders and by religious and nationalist ideologies with the result that present day Arab societies are characterised by a crisis of identity where fundamentalism or chaos seem to be the only available choices Tracing developments from pre Islamic times through to the present the book analyses the evolution of Arab political identity through a multi layered lens

including memory and forgetting social and cultural norms local laws poetry dance attitudes to women foreigners and animals ancient historical narratives and more It argues that Arab societies have much to gain by recovering the happy memory of Arab culture as it was before being distorted **Arab Migrant Communities in the GCC** Zahra

Babar,2017-07-01 Through its multi disciplinary lenses of social history cultural studies economics and political science the book presents original data and provides analyses of the settlement and continued evolution of migrant Arab communities across the GCC their work in and assimilation within host societies and labour markets and their political economic social and cultural significance both to the GCC region and to their countries of origin Agriculture, Rural Development, Food

and Drug Administration, and Related Agencies Appropriations for 2016 United States. Congress. House. Committee on Appropriations. Subcommittee on Agriculture, Rural Development, Food and Drug Administration, and Related Agencies,2015 **Channeling Moroccanness** Becky L. Schulthies,2020-12-01 Honorable Mention 2022 L Carl Brown

AIMS Book Prize in North African Studies What does it mean to connect as a people through mass media This book approaches that question by exploring how Moroccans engage communicative failure as they seek to shape social and political relations in urban Fez Over the last decade laments of language and media failure in Fez have focused not just on social relations that used to be and have been lost but also on what ought to be and had yet to be realized Such laments have transpired in a range of communication channels from objects such as devotional prayer beads and remote controls to interactional forms such as storytelling dress styles and orthography to media platforms like television news religious stations or WhatsApp group chats Channeling Moroccanness examines these laments as ways of speaking that created Moroccanness the feeling of participating in the ongoing formations of Moroccan relationality Rather than furthering the discourse about Morocco s conflict between liberal secularists and religious conservatives this ethnography shows the subtle range of ideologies and practices evoked in Fassi homes to calibrate Moroccan sociality and political consciousness

International Law, Necropolitics, and Arab Lives Khaled Al-Kassimi,2022-10-27 International Relations and International Law continue to be accented by epistemic violence by naturalizing a separation between law and morality What does such positivist juridical ethos make possible when considering that both disciplines reify a secular immanent ontology International Law Necropolitics and Arab Lives emphasizes that positivist jurisprudence re conquered Arabia by subjugating Arab life to the power of death using extrajudicial techniques of violence seeking the implementation of a New Middle East that is no longer resistant to Latin European modernity but amenable to such exclusionary telos The monograph goes beyond the limited remonstrations asserting that the problem with both disciplines is that they are primarily Eurocentric Rather the epistemic inquiry uncovers that legalizing necropower is necessary for the temporal coherence of secular modernity since a humanitarian logic masks sovereignty inherently being necropolitical by categorizing Arab Islamic epistemology as an internal external enemy from which national ist citizenship must be defended This creates a sense of danger around which to

unite modern epistemology whilst reinforcing the purity of a particular ontology at the expense of banning and dehumanizing a supposed impure Arab refugee This book will be of interest to graduate students scholars and finally practitioners of international relations political theory philosophical theology and legal theory **Social, Cultural, and Behavioral Modeling** Robert Thomson, Halil Bisgin, Christopher Dancy, Ayaz Hyder, 2019-06-18 This book constitutes the proceedings of the 12th International Conference on Social Cultural and Behavioral Modeling SBP BRiMS 2019 held in Washington DC USA in July 2019 The total of 28 papers presented in this volume was carefully reviewed and selected from 72 submissions The papers in this volume show people theories methods and data from a wide number of disciplines including computer science psychology sociology communication science public health bioinformatics political science and organizational science Numerous types of computational methods are used include but not limited to machine learning language technology social network analysis and visualization agent based simulation and statistics **The United Arab Emirates** Kristian Coates Ulrichsen, 2016-12-01 Led by Dubai and Abu Dhabi the UAE has become deeply embedded in the contemporary system of international power politics and policy making Only an independent state since 1971 the seven emirates that constitute the UAE represent not only the most successful Arab federal experiment but also the most durable However the 2008 financial crisis and its aftermath underscored the continuing imbalance between Abu Dhabi and Dubai and the five northern emirates Meanwhile the post 2011 security crackdown revealed the acute sensitivity of officials in Abu Dhabi to social inequalities and economic disparities across the federation The United Arab Emirates Power Politics and Policymaking charts the various processes of state formation and political and economic development that have enabled the UAE to emerge as a significant regional power and major player in the post Arab Spring reordering of Middle East and North African Politics as well as the closest partner of the US in military and security affairs in the region It also explores the seamier underside of that growth in terms of the condition of migrant workers recent interventions in Libya and Yemen and latterly one of the highest rates of political prisoners per capita in the world The book concludes with a discussion of the likely policy challenges that the UAE will face in coming years especially as it moves towards its fiftieth anniversary in 2021 Providing a comprehensive and accessible assessment of the UAE this book will be a vital resource for students and scholars of International Relations and Middle East Studies as well as non specialists with an interest in the United Arab Emirates and its global position
