Architecture And National Identity The Centennial Projects 50 Years On:

Canadian Modern Architecture Elsa Lam, Graham Livesey, 2019-11-19 Royal Architectural Institute of Canada RAIC President's Medal Award multi media representation of architecture Canada's most distinguished architectural critics and scholars offer fresh insights into the country's unique modern and contemporary architecture Beginning with the nation's centennial and Expo 67 in Montreal this fifty year retrospective covers the defining of national institutions and movements How Canadian architects interpreted major external trends Regional and indigenous architectural tendencies The influence of architects in Canada's three largest cities Toronto Montreal and Vancouver Co published with Canadian Architect this comprehensive reference book is extensively illustrated and includes fifteen specially commissioned essays *The Rise of Awards in Architecture* Jean-Pierre Chupin, Carmela Cucuzzella, Georges Adamczyk, 2022-09-06 This book is the first scientific study to focus on awards in architecture and the built environment investigating their exponential growth since the 1980s The celebration of excellence in architecture and related fields remains a phenomenon on which there is strangely little scientific scrutiny What is to be understood from the plethora of award winning projects award winning buildings and awarded professional practices in the built environment year after year Glossy images partake in an intense ballet at every local regional national or international award ceremony and they are meant to embody proofs of architectural excellence However it is necessary to take a critical distance to question what awards are meant to embody symbolize and perhaps measure Each of the 10 chapters in this volume is centered on one question related to themes as varied as the comparison of Pritzker and Nobel Prizes the Prix de Rome the redefinition of quality through awards green awards and sustainability the multiplication of sustainable awards heritage awards architecture book awards the awarding of school architecture awards as mediations and awards as pedagogical devices Many fields once consolidated have featured a sharp increase in related prizes The original data compiled and summarized in 4 appendices cover more than 150 award granting organizations in some 30 countries Our inventory includes upwards of 24 000 prizes awarded at more than 3 100 events the earliest of which is the first instance of Western architecture's seminal Grand Prix de Rome in France in 1720 A history of contemporary architecture is thus written through press releases that praise the merits of the heroes as much as their works and achievements And while awards can be vehicles that propel architecture forward they can also be Trojan horses in an era that is constantly on the lookout for event driven products small and big news and brand imaging **Canada** Michelangelo Sabatino, Rhodri Windsor Liscombe, 2016-11-15 Canada is a country of massive size of diverse geographical features and an equally diverse population all features that are magnificently reflected in its architecture In this book Rhodri Windsor Liscombe and Michelangelo Sabatino offer a richly informative history of Canadian architecture that celebrates and explores the country's many contributions to the spread of architectural modernity in the Americas A distinct Canadian design attitude coalesced during the twentieth century one informed by a liberal hybrid and pragmatic mindset intent less upon the dogma

of architectural language and more on thinking about the formation of inclusive spaces and places Taking a fresh perspective on design production they map the unfolding of architectural modernity across the country from the completion of the transcontinental railway in the late 1880s through to the present Along the way they discuss architecture within the broader contexts of political industrial and sociocultural evolution the urban suburban expansion and new building technologies Examining the works of architects and firms such as ARCOP Eric Arthur Ernest Cormier Brigitte Shim and Howard Sutcliffe this book brings Canadian architecture chronologically and thematically to life *The Cause of Art* Jeff Webb,2024-05-01 In 1949 Newfoundland and Labrador had a widely celebrated oral culture but little visual art After entering the Canadian federation recreational painters worked to create a venue for the display of art The Cause of Art tells the story of the advocates curators and professional artists who laid the foundation for an artistic community in the province The Memorial University Art Gallery was the site of a struggle between recreational painters who aspired to express their creative impulse and develop a Newfoundland art and curators who wanted artists to participate in the Canadian art market and international artistic movements The book recounts the history of passionate and strong willed curators and cultural administrators who fought for control of the gallery It reveals how they appealed to competing conceptions of professionalization as well as diverse political and aesthetic preferences Based on extensive archival research in previously unexamined collections and oral interviews with key informants this book examines a cultural institution that is widely remembered as the centre of the cultural renaissance in late twentieth century Newfoundland and Labrador As a result The Cause of Art illuminates the relationship between the state and the university during a key period in the modernization of the province The Centennial Cure Meaghan Elizabeth Beaton,2017-01-01 This book examines the intersection of state policy cultural development and commemoration during Canada s 1967 centennial celebrations It explores four initiatives that were undertaken in Nova Scotia to mark this anniversary and demonstrates one province s response to Lamontagne s appeal to stem Canada s cultural poverty These initiatives also reflected those larger social cultural economic and political transformations that took place in postwar Nova Scotia Further they help us understand the province s experience within the broader context of the development of modern Canadian cultural and social history Centropa ,2008 **Toronto Architect Edmund Burke** Angela Carr,1995-05-30 Burke s career spanned a key period in Canadian architecture as the profession transcended its colonial beginnings to reach maturity with Canadian born practitioners who converted both American architectural developments and European traditions into forms appropriate to the new Canadian federation Burke s contributions to Canadian architecture include introducing the technology of the Chicago men to Canada and helping to establish a formal professional organization for architects in Ontario Carr documents a comprehensive selection of Burke s works including his firm s famous Robert Simpson store in Toronto the first curtain wall construction in Canada She places Burke s life and career within the larger social context addressing the influence of American architects and architecture the sociology of

professions the organization of architectural offices and the history of particular building forms Toronto Architect Edmund Burke is not only a study of Burke s life and work it is also an insightful look into the history of Canadian architecture *The Museum Called Canada* Charlotte Gray,Sara Angel,2004 Hold our history in your hands with a spectacular virtual museum that is at once a sweeping exploration of Canadian history and culture an indispensable reference guide and a remarkable treasury of information Welcome to a museum so vast and full of wonder that it could only be called Canada Each of The Museum Called Canada s 25 rooms houses carefully chosen exhibits that illuminate a significant historical theme This majestic collection brings together high art and popular culture science and nature rare objects and whimsical ephemera Here you will see the empty eye sockets of Tyrannosaurus Rex and be able to examine intricate and ethereal wood carved angels built for Quebec s Rideau Chapel Exhibits span the breadth of our nation from the Yuquot Whaler s Shrine of Vancouver Island s Nootka to an anti Confederation poster from the controversially soon to be province Newfoundland Your guide to the collection is historian and author Charlotte Gray For each room in the museum Gray has written a short essay that delves into the world of a particularly evocative artifact and its importance in the context of the room s theme and time period The Museum Called Canada with its expansive vision its surprising juxtapositions its visual feasts and intellectual explorations is a beautiful and inspiring place that you will want to visit again and again *Blueprint* ,1996 *The Centennial Directory of the American Academy in Rome* American Academy in Rome,1995
