Asterix En De Waarheid:

De StripDatabank Peter Bonte, 2004 **Son of Classics and Comics** George Kovacs, C. W. Marshall, 2016 Son of Classics and Comics presents thirteen original studies of representations of the ancient world in the medium of comics Building on the foundation established by their groundbreaking Classics and Comics Kovacs and Marshall have gathered a wide range of studies with a new global perspective **Asterix - die ganze Wahrheit** René van Royen, Sunnyva van der Vegt, 2008 **Germanic Texts and Latin Models** Karin E. Olsen, Antonina Harbus, Tette Hofstra, 2001 Medieval writers who translated Latin texts into Germanic vernaculars not only transmitted their originals but driven by individualistic impulses and cultural conventions also transformed them This process of domesticating texts was fundamentally creative and might more accurately be described as reconstruction The essays in Germanic Texts and Latin Models Medieval Reconstructions explore the ways in which Latin texts and traditions were reconstructed in Old English Old Icelandic and Old High German and cover a range of genres legal texts genealogies histories and poetry They examine how medieval Germanic authors negotiated the need to transmit their models while at the same time fulfilling their own political artistic and didactic objectives in the creation of vernacular texts These new studies demonstrate the variety of ways in which medieval Germanic texts were indebted to their Latin exemplars while reflecting their new culturally specific circumstances in the complex nexus of Latin learning and Germanic lore *Asterix en de waarheid* René A. van Royen, Sunnyva van der Vegt, 1997 Rijk geïllustreerd overzicht van de historische en archeologische achtergronden van de stripserie Asterix **Microhistory and the Picaresque Novel** Binne de Haan, Konstantin Mierau, 2014-10-16 In the sixteenth century the picaresque novel introduced marginal figures wanderers beggars and thieves as the protagonists of elaborate prose narratives thus appearing to give a voice to hitherto unrepresented social types This raises several questions as to the referentiality of the picaresque text pertinent both to historians and literary scholars alike Microhistory can help investigate this referentiality of the picaresque text by revealing how particular historical agents perceived marginals and marginality and juxtaposing these agent perspectives to the literary representation Microhistory and the Picaresque Novel is the first publication to combine scholarship on the picaresque novel and the practice of microhistory This innovative volume argues that the approach of microhistorical studies such as *The Cheese and the Worms* by Carlo Ginzburg *Inheriting Power The Story of an Exorcist* by Giovanni Levi and *The Return of Martin Guerre* by Natalie Zemon Davis can be used to shed new light on classic picaresque novels such as *Guzmán de Alfarache* *Gil Blas* *Grimmelshausen* and their many epigones The volume brings together expert scholars on the picaresque novel such as Professor Robert Folger on the one hand and established microhistorians such as Professor Giovanni Levi on the other This exploration is further enriched with contributions by Professor Matti Peltonen an expert on history theory and Professor Hans Renders an expert on biography studies as well as providing case studies from recent research by the editors Binne de Haan and Dr Konstantin Mierau **En liefde in mindere mate** Doeschka
