Being Direct Making Advertising Pay:

Being Direct Lester Wunderman, 1998 Being Direct describes in vivid detail Lester Wunderman's discovery of the revolutionary advertising agency. It is essential reading for any business owner today looking for advertising strategies that work.

Convergence Marketing Richard Rosen, 2009-03-16 Offering a common language, better processes, and a set of practical tools, Convergence Marketing is a real world guide that successfully combines the best of brand and direct into something more powerful and effective than either can be on its own. Convergence marketing offers the kind of real time accountability that positions marketing as a vital and effective component of leadership's overall business strategy. Convergence brings brand and direct together with respect to both disciplines within the same silos. And it offers the necessary tools and processes that deliver better results. Our global market demands nothing less than this fully integrated approach. Convergence Marketing is the key to shifting marketing communications efforts from a cost-based to a profit-driven model and will have your CFO begging you to spend more money.

A Day in the Life of an American Worker Nancy Quam-Wickham, Ben Tyler Elliott, 2019-12-02 This introduction to the history of work in America illuminates the many important roles that men and women of all backgrounds have played in the formation of the United States. A Day in the Life of an American Worker: 200 Trades and Professions through History allows readers to imagine the daily lives of ordinary workers from the beginnings of colonial America to the present. It presents the stories of millions of Americans from the enslaved field hands in antebellum America to the astronauts of the modern space age as they contributed to the formation of the modern and culturally diverse United States. Readers will learn about individual occupations and discover the untold histories of those women and men who too often have remained anonymous to historians but whose stories are just as important as those of leaders whose lives we study in our classrooms. This book provides specific details to enable comprehensive understanding of the benefits and downsides of each trade and profession discussed. Selected accompanying documents further bring history to life by offering vivid testimonies from people who actually worked in these occupations or interacted with those in that field.

Authenticity Mark Toft, Jay Sunny, Rich Taylor, 2020-01-07 Brands are alienating customers by telling the wrong story and championing a false purpose. Your business can avoid the same fate, attract loyal customers, and out-narrate the competition by embracing authenticity. Equal parts provocation and exhortation, the insights of Authenticity apply to business marketing and life in general. Too many companies depend on marketing tactics that don't match the needs and concerns of their customers or embrace messaging and causes that don't connect. Authenticity is an anti-gimmick business book. It prescribes clear strategies that enable companies to communicate in a more genuine, emotional way. Authors Mark Toft, Jay Sunny, and Rich Taylor provide a series of approaches to help embrace and communicate the purpose of your brand with effectiveness. Whether you're a business executive who wants to be more persuasive or an advertising professional looking to grow your brand, this book combines the authors' successful experiences at top agencies.

into practical advice that can work for anyone in any business Readers will learn the importance of purpose and conflict in marketing activities how to approach advertising with clarity and passion and how to plan content while avoiding the false allure of aspirational advertising and insincere corporate social responsibility Inauthentic messaging can often spell failure for a business but the company that tells a genuine compelling story to its clients is the one that succeeds **Kellogg on Integrated Marketing** Dawn Iacobucci, Bobby J.
