The Great American Education-Industrial Complex Anthony G. Picciano,Joel Spring,2013-05-07 The Great American Education Industrial Complex examines the structure and nature of national networks and enterprises that seek to influence public education policy in accord with their own goals and objectives In the past twenty years significant changes have taken place in the way various interest groups seek to influence policies and practices in public education in the United States No longer left to the experience and knowledge of educators American education has become as much the domain of private organizations corporate entities and political agents who see it as a market for their ideas technologies and ultimately profits Picciano and Spring posit that educational technology is the vehicle whereby these separate movements organizations and individuals have become integrated in a powerful common entity and detail how the educational industrial complex has grown and strengthened its position of influence This timely carefully documented well argued book brings together Picciano s perspective and expertise in the field of technology and policy issues and Spring s in the history and politics of education in a unique critical analysis of the education industrial complex and its implications for the future

Applied Behavior Analysis in Early Childhood Education Laura Baylot Casey, Stacy L. Carter,2023-10-06 Applied Behavior Analysis in Early Childhood Education provides a basic introduction to applied behavior analysis and overviews the highly beneficial role that it can play in early childhood education for both typically developing children and those with special needs This updated text equips future and current early childhood professionals with the tools they need to positively impact the lives of young children including how to implement effective techniques for changing behavior strategies for everyday challenges both in the classroom and at home and suggestions for how to consult and correspond with parents and caretakers The book is ideal for professionals preparing for or those already in careers in child development behavior analysis early childhood education developmental therapy counseling and special education A companion website provides further information and resources for students and instructors
