The Transgender Issue Shon Faye, 2022-09-13 An incisive case for trans justice from a powerful new voice. In this brilliant introduction to trans politics journalist Shon Faye gives an incisive overview of systemic transphobia and argues that the struggle for trans rights is necessary to any struggle for social justice. So often Faye argues trans people are understood as a side issue the subjects of a toxic and increasingly polarized debate which generates reliable controversy for newspapers and talk shows. This media frenzy conceals a simple fact that we are having the wrong conversation a conversation in which trans people themselves are reduced to a talking point and denied a meaningful voice. With skill rigor and heart Faye uncovers the reality of what it means to be trans in a transphobic society. In this compellingly readable study she explores issues of class family housing healthcare sex work the prison system and trans participation in the LGBTQ and feminist communities. What she finds ultimately is that when we fight for trans liberation we fight for a better world for us all.
