A Feeling of Wrongness Joseph Packer, Ethan Stoneman, 2018-11-01 In *A Feeling of Wrongness* Joseph Packer and Ethan Stoneman confront the rhetorical challenge inherent in the concept of pessimism by analyzing how it is represented in an eclectic range of texts on the fringes of popular culture from adult animated cartoons to speculative fiction. Packer and Stoneman explore how narratives such as *True Detective*, *Rick and Morty*, *Final Fantasy VII*, Lovecraftian weird fiction and the pop ideology of transhumanism are better suited to communicate pessimistic affect to their fans than most carefully argued philosophical treatises and polemics. They show how these popular nondiscursive texts successfully circumvent the typical defenses against pessimism identified by Peter Wessel Zapffe as distraction, isolation, anchoring and sublimation. They twist genres, upend common tropes and disturb conventional narrative structures in a way that catches their audience off guard, resulting in belief without cognition, a more rhetorically effective form of pessimism than philosophical pessimism. While philosophers and polemicists argue for pessimism in accord with the inherently optimistic structures of expressive thought or rhetoric, Packer and Stoneman show how popular texts are able to communicate their pessimism in ways that are paradoxically freed from the restrictive tools of optimism. *A Feeling of Wrongness* thus presents uncharted rhetorical possibilities for narrative making visible the rhetorical efficacy of alternate ways and means of persuasion. **HBO's**

Original Voices Victoria McCollum, Giuliana Monteverde, 2018-05-01 This book constitutes the first major exploration of HBO's current programming examined in the context of the transformation of American television and global society. With studies of well-known shows such as *Game of Thrones*, *Girls*, *Insecure*, *Looking*, *Silicon Valley*, *The Comeback*, *The Leftovers*, *True Detective* and *Veep*, and *Vinyl*, the authors examine the trends in current programming including the rise of queer characters, era-defining comedy, reinvented fantasy series and the content's new awareness of gender, sexuality and family dysfunction. Interdisciplinary and international in scope, HBO's *New and Original Voices* explores the sociocultural and political role and impact that HBO's current programmes have held and the ways in which it has translated and reinterpreted social discourses into its own televisual language. A significant intervention in television studies, media studies and cultural studies, this book illuminates the emergence of a new era of culturally relevant television that fans, students and researchers will find lively, accessible and fascinating. [21st-Century TV Dramas](#) Amy M. Damico, Sara E. Quay, 2016-02-12 In its

exploration of some of the most influential popular or critically acclaimed television dramas since the year 2000, this book documents how modern television dramas reflect our society through their complex narratives about prevailing economic, political, security and social issues. Television dramas have changed since the turn of the 21st century for the good many would say as a result of changes in technology, the rise of cable networks and increased creative freedom. This book approaches the new golden age of television dramas by examining the programs that define the first 15 years of the new century through their complex narratives, high production value, star power, popularity and enthusiastic fan culture. After an

introduction that sets the stage for the book's content thematic sections present concise chapters that explore key connections between television dramas and elements of 21st century culture The authors explore Downton Abbey as a distraction from contemporary class struggles patriarchy and the past in Game of Thrones and Mad Men and portrayals of the dark hero protagonist in The Sopranos Dexter and Breaking Bad as a few examples of the book's coverage With its multidisciplinary perspectives on a variety of themes terrorism race class gender family dynamics and sociopolitical and socioeconomic topics this book will be relevant across the social sciences and cultural and media studies courses
