competing actors in the international system have reacted to the Taliban takeover Questions include whether the West's withdrawal represented a major or only a temporary setback for NATO and the United States and whether and how there can be any amelioration of the situation in Afghanistan itself The country and its people face multiple interrelated challenges including those of women's rights the drugs economies and human trafficking and exploitation This volume is essential reading for all those concerned with what happens in Afghanistan over the coming months and years the consequences for the Afghan people and for the rest of the world The Women of Afghanistan Under the Taliban Rosemarie

Skaine,2010-06-28 Even though the people of Afghanistan in general suffered under the rule of the Taliban women lived especially difficult lives enduring terrible hardships They were denied basic human rights forced to wear veils and kept in seclusion This work addresses the religion revolution and national identity of Afghan women and places them within their gender political and religious political roles thus elevating our understanding of their abuse imprisonment and murder and offering a basis for their rehabilitation Powerful and moving interviews with Afghan women conducted and translated by the Revolutionary Association of the Women of Afghanistan are presented and a brief history of the struggle of the Afghan women and an overview of the conflict between the Afghans and the Taliban are included **Afghanistan** Nabi

Chasing Tales Corinne Fowler,2007-01-01 Chasing Tales is the first exclusive study of journalism travel writing and the history of British ideas about Afghanistan It offers a timely investigation of the notional Afghanistan's that have prevailed in the popular British imagination Casting its net deep into the nineteenth century the study investigates the country's mythologisation by scrutinising travel narratives literary fiction and British news media coverage of the recent conflict in Afghanistan This highly topical book explores the legacy of nineteenth century paranoias and prejudices to contemporary travellers and journalists and seeks to explain why Afghans continue to be depicted as medieval murderous warlike and unruly Its title Chasing Tales conveys the circulation and indeed the circularity of ideas commonly found in British travel writing and journalism The tales component stresses the pivotal role played by fictionalised sources especially the writing of Rudyard Kipling in perpetuating traumatic nineteenth century memories of Afghan British encounter The

subject matter is compelling and its foci of interest profoundly relevant both to current political debates and to scholarly enquiry about the ethics of travel **American Culture Transformed** Edward Bruce Tucker, Priscilla Walton, 2012-07-31

The bombing of the Twin Towers in New York City on September 11 2001 marked a major turning point in modern American culture Priscilla Walton and Bruce Tucker examine critical moments in the aftermath of 9 11 the Enron scandal the trial of Martha Stewart the capture and rescue of Jessica Lynch the torture at Abu Ghraib prison the widespread popularity of Dan Brown's The Da Vinci Code and Tim LeHaye's Left Behind series Michael Moore's movie Fahrenheit 9 11 and former president Ronald Reagan's funeral The authors argue that commentators on the American scene abandoned complexity seeking to reduce events to their simplest signification They ask how the singularity of meaning came to dominate American cultural consciousness and they seek to theorize the critical cultural and political movements of the post 9 11 period Air Force Magazine ,2002-07
