Historical Dictionary of Lesotho Scott Rosenberg, Richard F. Weisfelder, 2013-06-13 Lesotho is rather different from most other African countries For starters it is a kingdom which preserves a traditional hierarchy and customs and its population consists of one fairly homogenous ethnic group although admittedly there are differences and occasional rifts within it Then it is a landlocked country completely surrounded by South Africa on which it depends heavily Economically it has not been doing particularly well this partly because the country is so poorly endowed by nature and its people often eke out a living abroad Politically there have been ups and downs the downs fortunately lying in the past with Lesotho doing somewhat better since the latest elections Socially and culturally as hinted it is quite unique and this can be gathered from reading the book This second edition of Historical Dictionary of Lesotho covers the full scope of Lesotho's ancient colonial and independence eras It gives greater emphasis to the more recent period and brings the book fully up to date This is done through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 400 cross referenced entries on civil society key events leaders governmental international religious and other private organizations policies political movements and parties economic elements and many other areas that have shaped the country's trajectory This book is an excellent access point for students researchers and anyone wanting to know

more about Lesotho *Historical Dictionary of Women in Sub-Saharan Africa* Kathleen Sheldon, 2016-03-04 African women's history is a vast topic that embraces a wide variety of societies in over 50 countries with different geographies social customs religions and historical situations Africa is a predominantly agricultural continent and a major factor in African agriculture is the central role of women as farmers It is estimated that between 65 and 80 percent of African women are engaged in cultivating food for their families and in the past that percentage was likely even higher Thus one common thread across much of the continent is women's daily work in their family plot This second edition of *Historical Dictionary of Women in Sub-Saharan Africa* contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on individual African women in history politics religion and the arts on important events organizations and publications and on topics important to women in general marriage fertility employment and to African women in particular market women child marriage queen mothers This book is an excellent access point for students researchers and anyone wanting to know more about the Women in Africa **Works of Heart** Lynne Elizabeth, Suzanne Young, 2018-09-04 This full color celebration of communities engaged in creative cultural expression profiles nine exemplary grassroots arts projects depicting an intersection of creativity with love of place Stories range from children building an African inspired mud facade on their Oregon middle school to an annual blessing procession and festival in North Philadelphia that brings to life dozens of the most depressed blocks in urban America Other regions represented include Minneapolis Boston Berkeley rural Maine San Francisco the New York Bronx and Vancouver Canada Community based arts resources are sited throughout *Works of Heart* offers a compendium of multicultural human interest stories that will inspire and inform both community development professionals and citizen activists Among those profiled are Lily Yeh and the Village of Arts and Humanities Clara Wainwright and the Faith Quilts Project Dolly Hopkins and Public Dreams and the Beehive Collective *Geometry from Africa* Paulus Gerdes, 1999-09-30 This book draws on geometric ideas from cultural activities from Subsaharan Africa to develop mathematical reasoning *Art and the End of Apartheid* John Pepper, 2009 Black South African artists have typically had their work labeled African art or township art qualifiers that when contrasted with simply modernist art have been used to marginalize their work both in South Africa and internationally This is the The first book to fully explore cosmopolitan modern art by black South Africans under apartheid *Well-Behaved Women Seldom Make History* Laurel Thatcher Ulrich, 2008-09-23 From admired historian and coiner of one of feminism's most popular slogans Laurel Thatcher Ulrich comes an exploration of what it means for women to make history In 1976 in an obscure scholarly article Ulrich wrote Well behaved women seldom make history Today these words appear on t shirts mugs bumper stickers greeting cards and all sorts of Web sites and blogs Ulrich explains how that happened and what it means by looking back at women of the past who challenged the way history was written She ranges from the fifteenth century writer Christine de Pizan who wrote *The Book of the City of Ladies* to the twentieth century's Virginia Woolf author of *A Room of One's Own*

Ulrich updates their attempts to reimagine female possibilities and looks at the women who didn't try to make history but did. And she concludes by showing how the 1970s activists who created second wave feminism also created a renaissance in the study of history.

Portrait of an Island Mark Hinchman, 2015-12-01 The once famous trading center of Gorée Island today lies in the busy harbor of the modern city of Dakar. From its beginnings as a modest outpost, Gorée became one of the intersections which linked African trading routes to the European Atlantic trade. Then, as now, people of all nationalities poured into the island. Dutch, English, French, and Portuguese came to trade with the Mande, Moor, Tukor, and Wolf tribes. Trading parties brought gold, horses, firewood, mirrors, books, and more. They built houses of various forms using American lumber, French roof tiles, freshly cut straw, and pulverized seashells, and furnished them in as cosmopolitan a fashion as the city itself. Mark Hinchman's *Portrait of an Island: The Architecture and Material Culture of Gorée Island 1758-1837* considers the houses, portraits, and furnishings of the island's early modern inhabitants. Multiple features of eighteenth-century Gorée—its demographic diversity, the prominence of women leaders, the phenomenon of identities in flux, and the importance of commerce, fashion, and international trade—argue for its place in the construction of an early global modernity. In an examination of the built and natural landscape, *Portrait of an Island* deciphers the material culture involved in the ever-changing relationships amongst male, female, rich, poor, and slave.

Art Without Borders Ben-Ami Scharfstein, 2009-08-01 People all over the world make art and take pleasure in it, and they have done so for millennia. But acknowledging that art is a universal part of human experience leads us to some big questions: Why does it exist? Why do we enjoy it? And how do the world's different art traditions relate to art and to each other? *Art Without Borders* is an extraordinary exploration of those questions, a profound and personal meditation on the human hunger for art, and a dazzling synthesis of the whole range of inquiry into its significance. Esteemed thinker Ben-Ami Scharfstein's encyclopedic erudition is here brought to bear on the full breadth of the world of art. He draws on neuroscience and psychology to understand the way we both perceive and conceive of art, including its resistance to verbal exposition. Through examples of work by Indian, Chinese, European, African, and Australian artists, *Art Without Borders* probes the distinction between accepting a tradition and defying it through innovation, which leads to a consideration of the notion of artistic genius. Continuing in this comparative vein, Scharfstein examines the mutual influence of European and non-European artists. Then, through a comprehensive evaluation of the world's major art cultures, he shows how all of these individual traditions are gradually but haltingly conjoining into a single current of universal art. Finally, he concludes by looking at the ways empathy and intuition can allow members of one culture to appreciate the art of another. Lucid, learned, and incomparably rich in thought and detail, *Art Without Borders* is a monumental accomplishment on par with the artistic achievements Scharfstein writes about so lovingly in its pages.
