Afro Cuban Costumbrismo From Plantations To The Slums:

Afro-Cuban Costumbrismo Rafael Ocasio, 2012-08-26 Costumbrismo which refers to depictions of life in Latin America during the nineteenth century introduced some of the earliest black themes in Cuban literature Rafael Ocasio delves into this literature to offer up a new perspective on the development of Cuban identity as influenced by black culture and religion during the sugar cane boom Comments about the slave trade and the treatment of slaves were often censored in Cuban publications nevertheless white Costumbrista writers reported on a vast catalogue of stereotypes religious beliefs and musical folklore and on rich African traditions in major Cuban cities Exploring rare and seldom discussed nineteenth century texts Ocasio offers insight into the nuances of black representation in Costumbrismo while analyzing authors such as Su rez y Romero an abolitionist who wrote from the perspective of a plantation owner Afro Cuban Costumbrismo expands the idea of what texts constitute Costumbrismo and debunks the traditional notion that this writing reveals little about the Afro Cuban experience The result is a novel examination of how white writers representations of black culture heavily inform our current understanding of nineteenth century Afro Cuban culture and national identity

Cuba Louis A. Pérez, 2015 Spanning the history of the island from pre Columbian times to the present this highly acclaimed survey examines Cuba s political and economic development within the context of its international relations and continuing struggle for self determination The dualism that emerged in Cuban ideology between liberal constructs of patria and radical formulations of nationality is fully investigated as a source of both national tension and competing notions of liberty equality and justice Author Louis A P rez Jr integrates local and provincial developments with issues of class race and gender to give students a full and fascinating account of Cuba s history focusing on its struggle for nationality

Afro-Asian Connections in Latin America and the Caribbean

Debbie Lee-DiStefano, Luisa Marcela Ossa, 2018-11-27 Afro Asian Connections in Latin America and the Caribbean explores the connections between people of Asian and African descent in Latin America and the Caribbean Although their journeys started from different points of origin spanning two separate oceans their point of contact in this hemisphere brought them together under a hegemonic system that would treat these seemingly disparate continental ancestries as one Historically an overwhelming majority of people of African and Asian descent were brought to the Americas as sources of labor to uphold the plantation agrarian economies leading to complex relationships and interactions The contributions to this collection examine various aspects of these connections The authors bring to the forefront perspectives regarding history literature art and religion and engage how they are manifested in these Afro Asian relationships and interactions They investigate what has received little academic engagement outside the acknowledgement that there are groups who are of African and Asian descent In regard to their relationships with the dominant Europeanized center references to both groups typically only view them as singular entities What this interdisciplinary collection presents is a more cohesive approach that strives to place them at the center together and view their relationships in their historical

contexts **El Monte** Lydia Cabrera, 2023-04-24 First published in Cuba in 1954 and appearing here in English for the first time Lydia Cabrera's *El Monte* is a foundational and iconic study of Afro-Cuban religious and cultural traditions. Drawing on conversations with elderly Afro-Cuban priests who were one or two generations away from the transatlantic slave trade, Cabrera combines ethnography, history, folklore, literature, and botany to provide a panoramic account of the multifaceted influence of Afro-Atlantic cultures in Cuba. Cabrera details the natural and spiritual landscape of the Cuban monte forest wilderness and discusses hundreds of herbs and the constellations of deities, sacred rites, and knowledge that envelop them. The result is a complex spiritual and medicinal architecture of Afro-Cuban cultures. This new edition of what is often referred to as the Santería bible includes a new foreword, introduction, and translator notes. As a seminal work in the study of the African diaspora that has profoundly impacted numerous fields, Cabrera's magnum opus is essential for scholars, activists, and religious devotees of Afro-Cuban traditions alike. Dictatorships in the Hispanic World Patricia Swier, Julia

Riordan-Goncalves, 2013-07-18 This book broaches a comparative and interdisciplinary approach in its exploration of the phenomenon of the dictatorship in the Hispanic World in the twentieth century. Some of the themes explored through a transatlantic perspective include testimonial accounts of violence and resistance in prisons, hunger, and repression; exile, silence, and intertextuality; *bildungsroman* and the modification of gender roles; and the role of trauma and memory within the genres of the novel, autobiography, testimonial literature, the essay, documentaries, puppet theater, poetry, and visual art. By looking at the similarities and differences of dictatorships represented in the diverse landscapes of Latin America and Spain, the authors hope to provide a more panoramic view of the dictatorship that moves beyond historiographical accounts of oppression and engages actively in a more broad dialectics of resistance and a politics of memory. **Performing**

Afro-Cuba Kristina Wirtz, 2014-06-05 Visitors to Cuba will notice that Afro-Cuban figures and references are everywhere in popular music and folklore, shows, paintings, and dolls of Santería saints in airport shops and even restaurants with plantation themes. In *Performing Afro-Cuba*, Kristina Wirtz examines how the animation of Cuba's colonial past and African heritage through such figures and performances not only reflects but also shapes the Cuban experience of Blackness. She also investigates how this process operates at different spatial and temporal scales, from the immediate present to the imagined past, from the barrio to the socialist state. Wirtz analyzes a variety of performances and the ways they construct Cuban racial and historical imaginations. She offers a sophisticated view of performance as enacting diverse revolutionary ideals, religious notions, and racial identity politics, and she outlines how these concepts play out in the ongoing institutionalization of folklore as an official, even state-sponsored category. Employing Bakhtin's concept of chronotopes, the semiotic construction of space-time, she examines the roles of voice, temporality, embodiment, imagery, and memory in the racializing process. The result is a deftly balanced study that marries racial studies, performance studies, anthropology, and semiotics to explore the nature of race as a cultural sign, one that is always in process, always shifting. **Tampa** Wenceslao Gálvez y Delmonte, 2020-10-13 In

1896 Wenceslao G lvez y Delmonte fled the violence of Cuba s war for independence and settled in Tampa He soon made his new home the focus of a work of costumbrismo the Spanish language genre built on closely observing the everyday manners and customs of a place Translated here into English G lvez s narrative mixes evocative descriptions with charming commentary to bring to life the early Cuban exile communities in Ybor City and West Tampa The writer s sharp eye finds the local characters the barber shops and electric streetcars the city landmarks and new Cuban enclaves One day G lvez offers his thoughts on the pro independence activities of community leaders like Mart n Herrera and Fernando Figuerdo On another our exiled bourgeois intellectual author wryly recounts his new life as a door to door salesman and lector reading aloud to workers in a cigar factory This scholarly edition includes photographs and newspaper clippings a foreword on G lvez s extraordinary pre exile years extensive notes to the translation and a wealth of other supplementary material putting the author s life and work in context A volume in the series New World Diasporas edited by Kevin A Yelvington

Revolutionary Masculinity and Racial Inequality Bonnie A. Lucero,2021-12-01 One of the most paradoxical aspects of Cuban history is the coexistence of national myths of racial harmony with lived experiences of racial inequality Here a historian addresses this issue by examining the ways soldiers and politicians coded their discussions of race in ideas of masculinity during Cuba s transition from colony to republic Cuban insurgents the author shows rarely mentioned race outright Instead they often expressed their attitudes toward racial hierarchy through distinctly gendered language revolutionary masculinity By examining the relationship between historical experiences of race and discourses of masculinity Lucero advances understandings about how racial exclusion functioned in a supposedly raceless society Revolutionary masculinity she shows outwardly reinforced the centrality of color blindness to Cuban ideals of manhood at the same time as it perpetuated exclusion of Cubans of African descent from positions of authority

Mexican Costumbrismo Mey-Yen Moriuchi,2018-04-03 The years following Mexican independence in 1821 were critical to the development of social racial and national identities The visual arts played a decisive role in this process of self definition Mexican Costumbrismo reorients current understanding of this key period in the history of Mexican art by focusing on a distinctive genre of painting that emerged between 1821 and 1890 costumbrismo In contrast to the neoclassical work favored by the Mexican academy costumbrista artists portrayed the quotidian lives of the lower to middle classes their clothes food dwellings and occupations Based on observations of similitude and difference costumbrista imagery constructed stereotypes of behavioral and biological traits associated with distinct racial and social classes In doing so Mey Yen Moriuchi argues these works engaged with notions of universality and difference contributed to the documentation and reification of social and racial types and transformed the way Mexicans saw themselves as well as how other nations saw them during a time of rapid change for all aspects of national identity Carefully researched and featuring more than thirty full color exemplary reproductions of period work Moriuchi s study is a provocative art historical examination of costumbrismo s lasting impact on Mexican identity and

The Sun of Jesús del Monte Andrés Avelino de Orihuela, 2022-03-31 Translated into English for the first time Andrés Avelino de Orihuela's *El Sol de Jesús del Monte* is a landmark Cuban antislavery novel Published originally in 1852 the same year as Harriet Beecher Stowe's *Uncle Tom's Cabin* which Orihuela had translated into Spanish it provides an uncompromising critique of discourses of white superiority and an endorsement of equality for free people of color Despite its historical and literary value *The Sun of Jesús del Monte* is a long neglected text languishing for 150 years until its republication in 2008 in the original Spanish *The Sun of Jesús del Monte* is the only Cuban novel of its time to focus on La Escalera or the Ladder Rebellion a major anticolonial and slave insurrection of nineteenth century Cuba that shook the world's wealthiest colony in 1843-44 It is also the only Cuban novel of its time to take direct aim at white privilege and unsparingly denounce the oppression of free people of color that intensified after the insurrection This new critical edition featuring an invaluable contextualizing introduction and afterword in addition to the new English translation offers readers the most detailed portrait of the everyday lives and plight of free people of color in Cuba in any novel up to the 1850s *Writing the Early Americas*
