Rodríguez-Plata,2005-11-16 Lydia Cabrera 1900 1991 an upper class white Cuban intellectual spent many years traveling through Cuba collecting oral histories stories and music from Cubans of African descent Her work is commonly viewed as an extension of the work of her famous brother in law Cuban anthropologist Fernando Ortiz who initiated the study of Afro Cubans and the concept of transculturation Here Edna Rodriguez Mangual challenges this perspective proposing that Cabrera s work offers an alternative to the hegemonizing national myth of Cuba articulated by Ortiz and others Rodriguez Mangual examines Cabrera s ethnographic essays and short stories in context By blurring fact and fiction anthropology and literature Cabrera defied the scientific discourse used by other anthropologists She wrote of Afro Cubans not as objects but as subjects and in her writings whiteness instead of blackness is gazed upon as the other As Rodriguez Mangual demonstrates Cabrera rewrote the history of Cuba and its culture through imaginative means calling into question the empirical basis of anthropology and placing Afro Cuban contributions at the center of the literature that describes the Cuban nation and its national identity *Havana* Mark Kurlansky,2018-03-06 A city of tropical heat ramshackle beauty and its very own cadence a city that always surprises Havana is brought to pulsing life by New York Times bestselling author Mark Kurlansky Award winning author Mark Kurlansky presents an insider s view of Havana the elegant tattered city he has come to know over more than thirty years Part cultural history part travelogue with recipes historic engravings photographs and Kurlansky s own pen and ink drawings throughout Havana celebrates the city s singular music literature baseball and food its five centuries of outstanding neglected architecture and its extraordinary blend of cultures Like all great cities Havana has a rich history that informs the vibrant place it is today from the native Taino to Columbus s landing from Cuba s status as a U S protectorate to Batista s dictatorship and Castro s revolution from Soviet presence to the welcoming of capitalist tourism Havana is a place of extremes a beautifully restored colonial city whose cobblestone streets pass through areas that have not been painted or repaired since long before the revolution Kurlansky shows Havana through the eyes of Cuban writers such as Alejo Carpentier and Jos Mart and foreigners including Graham Greene and Hemingway He introduces us to Cuban baseball and its highly opinionated fans the city s music scene alive with the rhythm of son its culinary legacy Through Mark Kurlansky s multilayered and electrifying portrait the long elusive city of Havana comes stirring to life **Afro-Cuban Tales** Lydia Cabrera,2004-01-01 As much a storyteller as an ethnographer Lydia Cabrera was captivated by a strange and magical new world revealed to her by her Afro Cuban friends in early twentieth century Havana In Afro Cuban Tales this world comes to teeming life introducing English speaking readers to a realm of tenuous boundaries between the natural and the supernatural deities and mortals the spiritual and the seemingly inanimate Here readers will find a vibrant imaginative record of African culture transplanted to Cuba and transformed over time a passionate and subversive alternative to the

dominant Western culture of the Americas In this charmed realm of myth and legend imaginative flights and hard realities Cabrera shows us a world turned upside down In this domain guinea hens can make dour Asturians and the king of Spain dance little fat cooking pots might prepare their own meals the pope can send encyclicals about pumpkins and officials can be defeated by the shrewdness of turtles The first English translation of one of the most important writers on African culture in the Americas the collection provides a fascinating view of how African traditions myths stories and religions traveled to the New World of how in their tales Africans in the Americas created a New World all their own
