Framework chapter describes how to apply the 4th edition of the OTPF to the practice of occupational therapy. Balanced approach to psychosocial occupational therapy includes thorough coverage of primary diagnoses as well as occupational and psychosocial theories, models and approaches. Emphasis on clinical reasoning skills provides insights on how to select treatment strategies based on the conceptual theories and models presented in the earlier chapters. The information on diagnoses also references the DSM 5. A focus on psychosocial skills makes it easier to adjust the method of approaching a client, the nature of the therapeutic relationship and the direction and eventual outcomes of intervention regardless of the setting or the primary diagnosis. Coverage of therapeutic interaction skills and group process skills shows how to provide treatment in both individual and group settings.

An Occupational Therapist's Guide to Sensory Integration and Adult Mental Health Rebecca Matson, 2025-10-21. Gaining knowledge of sensory integration is key for any occupational therapist to better understand and support those they work with. In mental health settings, sensory approaches have been shown to aid de-escalation, promote development of healthy coping strategies and decrease restrictive practice. However, there are a lack of resources available for adult patients and many practitioners find it difficult to adapt existing paediatric guidelines. This book provides a reference manual for occupational therapists working in mental health and aiming to use a range of sensory approaches with adult patients. Structured according to diagnostic group and area of mental health, each chapter distils the relevant evidence and literature, commonly identified areas of sensory processing difficulty, ideas and approaches for that client group and additional considerations in view of risk and health status. Occupational therapists will also benefit from the additional downloadable content available, including sensory strategy group plans, support plans, sensory assessment reports and training presentations.

Willard and Spackman's Occupational Therapy Barbara A. Schell, Glen Gillen, Marjorie Scaffa, Ellen S. Cohn, 2013-03-08.
