Breaking The Apocalypse Code:

Breaking the Apocalypse Code Mark Hitchcock, Thomas Ice, 2007 Breaking The Apocalypse Code Ph. D., 2007

What the Bible Really Says? Thomas A. Howe, 2009-01-01 The study of the End Times has been a popular topic for many years and there are many different positions that are proposed on how to understand the unfolding of God's program. The debate over the End Times has often been heated and has failed to showcase the best that Christian scholarship has to offer. It sometimes seems like everyone wants to get in on the action and anyone who has an audience can and has put together his thoughts and made his opinions known through the printed page. Anyone can publish his views regardless of the level of competency in the original languages, his level of hermeneutic ability or his understanding of history or theology. In his book *The Apocalypse Code* Hank Hanegraaff declares that his goal is to put hermeneutical tools into your hands so that you can draw from Scripture what God intends you to understand rather than uncritically accepting end time models that may well be foreign to the text. It would be extremely helpful for someone to equip readers to be able to make their way through the maze of views. *What the Bible Really Says* is a point by point analysis of the arguments of Hank Hanegraaff concerning end times prophecy. This book is not an effort to promote one eschatological perspective over another. Rather it is an analysis of Hanegraaff's arguments and claims in order to discover whether or not he has succeeded in putting hermeneutical tools into the hands of his readers or whether he has simply added his voice and his opinions to the cacophony of claims and counterclaims. The Apocalypse Code Hank Hanegraaff, 2010-09-20 Hank Hanegraaff reveals the code to Revelation.

Breaking the code of the book of Revelation has become an international obsession. The result according to Hank Hanegraaff has been rampant misreading of Scripture, bad theology and even bad politics and foreign policy. Hanegraaff argues that the key to understanding the last book of the Bible is the other sixty-five books of the Bible, not current events or recent history and certainly not any complicated charts. *The Apocalypse Code* offers sane answers to some very controversial questions. What does it mean to take the book of Revelation and the rest of the Bible literally? Who are the Antichrist and the Great Whore of Babylon and what is the real meaning of 666? How does our view of the end times change the way we think about the crisis in the Middle East? Are two-thirds of all Jews really headed for an apocalyptic holocaust? *The Apocalypse Code* is a call to understand what the Bible really says about the end times and why how we understand it matters so much in today's world. Provocative and passionate, this fascinating book is a must read for everyone who's interested in end times controversies. Lee Strobel, Author *The Case for the Real Jesus*. This book is a withering and unrelenting critique of the positions of apocalyptic enthusiasts. Tim LaHaye. Every fan of the *Left Behind* series should read this book. The fog will clear and common sense will return to our reading of the Bible. Gary M. Burge, Professor of New Testament, Wheaton College and Graduate School. **The Apocalypse Code** Hank Hanegraaff, 2023-08-22 Hank Hanegraaff reveals the code to Revelation.
