Witch Hunt Andrea Balis, Elizabeth Levy, 2024-04-16 A cutting edge look into a pivotal moment in US history McCarthy's infamous witch hunt for communists during the 1950's Red Scare At the cusp of the Cold War Americans were so afraid of communists living among them that they began to hunt them like witches As Senator Joe McCarthy took up this mantle to hunt down communists in the US citizens grew terrified of being accused so they turned on each other pointing fingers at neighbors friends and even family Told through a unique and inviting screenplay format brought to life with dozens of illustrations by Tim Foley and comprised almost entirely of quotes derived from primary sources *Witch Hunt* recounts the political craze that gripped America during the Red Scare when McCarthyism forced people to go to extraordinary lengths to keep themselves and their families safe from persecution against their own government *Billboard*, 1999-01-09 In its 114th year *Billboard* remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *Superheroes and Identities* Mel Gibson, David Huxley, Joan Ormrod, 2016-03-22 Superheroes have been the major genre to emerge from comics and graphic novels saturating popular culture with images of muscular men and sexy women A major aspect of this genre is identity in the roles played by individuals the development of identities through extended stories and in the ways the characters inspire audiences This collection analyses stories from popular comics franchises such as Batman Captain America Ms Marvel and X-Men alongside less well known comics such as Kabuki and Flex Mentallo It explores what superhero narratives can reveal about our attitudes towards femininity race maternity masculinity and queer culture Using this approach the volume asks questions such as why there are no black supervillains in mainstream comics how second wave feminism and feminist film theory may help us to understand female comic book characters the ways in which Flex Mentallo transcends the boundaries of straightness and gayness and how both fans and industry appropriate the sexual identity of superheroes The book was originally published in a special issue of the *Journal of Graphic Novels and Comics* *The DVD-laser Disc Newsletter*, 2004
