Learning to Think Strategically Julia Sloan, 2024-06-27 Strategic thinking has become a core capability for business leaders globally Now in its fifth edition this comprehensive text is an original primer for how successful strategists learn to think strategically It delineates and defines strategic thinking as an advanced conceptual cognitive capability focusing on the nonlinear and informal nature of strategic thinking The book highlights the role of informal learning underscores the relevance of engaging in the arts and has global application for those tasked with making strategy in this rapidly changing world This edition has been fully updated to include a new chapter on AI and strategic thinking as well as expanded coverage of the critical reflective process and the challenges of introducing strategic thinking across cultures Additional pedagogical features have been incorporated including more discussion questions and exercises to engage debate and reflection additional scenarios and case vignettes Learning to Think Strategically is vital reading for MBA strategy leadership development and executive education students Its practical nature also makes it valuable for business and policy executives as well as for managers and emerging leaders looking to develop their strategic thinking skills Online resources include PowerPoint slides a test bank and video clips

Think to Win: Unleashing the Power of Strategic Thinking Peter Klein, John F. Manfredi, Paul Butler, 2015-06-24 The proven plan for making strategic thinking part of any organization's DNA to drive sustainable growth In today's ultra competitive business

world the difference between success and failure lies in the ability to get every employee to think and behave like a strategist Think to Win helps business leaders expand strategic thinking out of the purview of the elite few and into the company culture as whole It offers a simple proven approach to analyzing and solving old or new challenges and provides a common language anyone at any level in the organization can understand *Strategic Thinking* Irene M. Duhaime, Larry Stimpert, Julie Chesley, 2012-03-22 There are many strategy books available in the marketplace for today's student or business professional most of them view strategy from the 10 000 foot level while Strategic Thinking looks at this important business topic through a different lens Written from the perspective of a manager this book builds on theories of managerial and organizational cognition that have had a powerful influence on many business fields over the last two decades As other books on business policy and strategy cover a broad range of topics models frameworks and theories the unique feature of this book is that it covers all this but also focuses on how managers of business firms understand their business environments assess and marshal their firms resources and strive for advantage in the competitive marketplace It examines the economic structural and managerial explanations for firm performance Offering professors and business people who are intrigued by the ideas introduced in Peter Senge's books ways to apply those ideas and principles in the classroom and in the companies in which they work the book puts managers front and center *Elevate* Rich Horwath, 2014-03-24 According to a study published in Chief Executive Magazine the most valued skill in leaders today is strategic thinking However more than half of all companies say that strategic thinking is the skill their senior leaders most need to improve Elevate provides leaders with a framework and toolkit for developing advanced strategic thinking capabilities Unlike the majority of books that focus on strategy from a corporate perspective Elevate gives the individual executive practical tools and techniques to help them become a truly strategic leader The new framework that will enable leaders to finally integrate both strategy and innovation into a strategic approach that drives their profitable growth is the Three Disciplines of Advanced Strategic Thinking 1 Coalesce Fusing together insights to create an innovative business model 2 Compete Creating a system of strategy to achieve competitive advantage 3 Champion Leading others to think and act strategically to execute strategy Every leader desperately wants to be strategic their career depends on it Elevate provides the roadmap to reach the strategic leadership summit

Choosing the Future Stuart Wells, 1998 Strategy requires an ability to conceive the future see and create possibilities and focus to choose a direction Successful strategy is a mental discipline consisting of broad ranging flexible and creative thinking Choosing the Future will help you achieve this success by studying fundamentals such as effective group thinking knowing when to delay a decision for more information balancing contrasting modes of thought and transforming thought into action Using a cycle to show the relationship among different strategic thinking tools Choosing the Future gives you guidance to respond to these basic questions What seems to be happening What possibilities do we face What are we going to do about it Choosing the Future will help you advance your thinking skills Rather than telling you what to do it teaches you

to use your business knowledge to discover your own ideas and strategic direction Stuart Wells is Professor of Organization and Management at San Jose State University where he serves as Director of the Center for Global Competitiveness and as Director of the Small Business Institute As founder of the Leading Edge Consulting Group and co founder of Corporate Wisdom he has worked on leadership development and strategy issues with such major corporations as Clorox Dupont PepsiCo and Proctor and Gamble He is the author of several books including From Sage to Artisan The Nine Roles of the Value Driven Leader

Strategy in Practice George Tovstiga, 2013-03-01 The 2nd edition of Strategy in Practice presents a practitioner focused approach to strategy It is increasingly recognised that the ability to adapt classic formulas to changing circumstances and develop fast sound strategic thinking is what differentiates the successful corporate leader Developed from experience in industry this successful text will include an instructor site with PowerPoint slides extra examples and exercises and links highlighting changing business practice While rigorously founded on current thinking and theoretical concepts in the field of strategic management it aims to provide the strategy practitioner with a systematic and insight driven approach to strategic thinking establish and translate the relevance of strategy theory to its application in the practice field lead the reader through the strategic thinking process beginning with the formulation of compelling and clearly articulated strategic questions that set the scene for practical issues provide tools of strategic analysis in combination with informed intuition to understand the strategic landscape

Strategic Thinking Simon Wootton, Terry Horne, 2010-07-03 Strategic Thinking A Step by Step Approach to Strategy and Leadership now in its third edition takes you step by step through sound strategic thinking by setting out the questions to ask In the process of answering these questions and thinking through the important issues that they raise you will learn how to formulate strategies and write clear and concise strategic plans With new online material to support each step and help strengthen your ability to predict future changes as well as a new section covering key aspects of leadership and neuroscience this practical book will enable you to gain a deeper understanding of your market forecast where your organization is heading think critically about proposals write an effective strategic plan Also including prompt sheets objectives action plans and useful summaries this fully updated third edition is a must have for all practicing managers and business students Online supporting resources for this book include downloadable templates including taking strategic decisions creating strategic knowledge and assessing strategic ability
