women's liberation movement to put forth a feminist theory of politics Beginning with a look at the radical and grassroots history of the first wave with its foundation in the abolition movement of the time Firestone documents its major victory the granting of the vote to women in 1920 and the fifty years of ridicule that followed She goes on to deftly synthesize the work of Freud Marx de Beauvoir and Engels to create a cogent argument for feminist revolution Identifying women as a caste she declares that they must seize the means of reproduction for as long as women and only women are required to bear and rear children they will be singled out as inferior Ultimately she presents feminism as the key radical ideology the missing link between Marx and Freud uniting their visions of the political and the personal In the wake of recent headlines bemoaning women's squandered fertility and the ongoing debate over the appropriate role of genetics in the future of humanity The Dialectic of Sex is revealed as remarkably relevant to today's society a testament to Shulamith Firestone's startlingly prescient vision Firestone died in 2012 but her ideas live on through this extraordinary book A must have for those interested in feminist theory both past and present Kathleen Hanna founding member of the Riot Grrrls movement
