At The End Of The Line:

At the end of the line Georgina Sinclair, 2017-03-01 Colonial policing and the imperial endgame is the first comprehensive study of the colonial police and their complex role within Britain's long and turbulent process of decolonisation a time characterised by political upheaval and colonial conflict The Colonial Police Service was created in 1936 in order to standardise all imperial police forces and mould colonial policing to the British model From the British Caribbean to the Middle East the Mediterranean to British Colonial Africa and on to Southeast Asia colonial police forces struggled with the unrest and conflict that stemmed from Britain's withdrawal from its empire As the shadow of decolonisation grew ever longer so colonial police forces reverted back to their traditional role as a colony's first line of defence At the same time as tensions increased throughout the empire so too did the power of the police through the development of police intelligence systems and counter insurgency units Colonial policing and the imperial endgame controversially asserts that it was coercion rather than consent which was more commonly associated with the work of police forces during this period of political dislocation Georgina Sinclair's focussed study of colonial policing during this period facilitates a greater understanding of the processes of decolonisation End of the Line Don McIver, 2013-02-16 In 1857 a Toronto to Hamilton train crashed on the Desjardins Canal bridge Sixty people died making it one of the worst railway disasters in North America These are the stories of those associated with the bridge's construction and those who perished in the accident capturing the ebullient economic confidence of pre Confederation Canada The End of the Line Ron Bateman, 2020-04-07 In 1977 the iconic Swindon Works was building locomotives By 1986 it was shut down In The End of the Line Ron Bateman recounts the fight to save Swindon Works its 3 500 jobs and the livelihood of the entire community it represented Initially joining through the Works Training School in 1977 Ron witnessed this tragic struggle and the crushing blow dealt to the industry that had defined Swindon for generations Combining personal recollections with information and interviews from many other insiders and railmen this book provides the only comprehensive chronicle on the final decade of 147 years of railway engineering and a fateful milestone in the history of Swindon **Work Identity at the End of the Line?** T. Strangleman, 2004-05-21 Work Identity at the End of the Line tells the story of workplace culture and identity in the railway industry before during and after privatization in the mid 1990s It combines rich interview material from workers and managers involved in the privatisation process with a fascinating background detail of nationalization The book will be of interest to sociologists cultural and economic historians as well as those studying culture change in business Work Identity at the End of the Line has been shortlisted for the British Sociological Association's Philip Abrams Memorial Prize 2005 It is one of only four titles to be shortlisted The End of the Line Robert Pisor, 1982 It was the most spectacular battle of the entire war For 6 000 trapped marines it was a nightmare for President Lyndon Johnson an obsession For General Westmoreland it was to be the final vindication of technological weaponry In a compelling narrative Robert Pisor sets forth the history the

politics the strategies and above all the desperate reality of the battle that became the turning point of the United States s involvement in Vietnam

End of the Line - The Moorgate Disaster Richard M. Jones,2015 On 28th February 1975 a London Underground train crash led to the deaths of 43 people and injured dozens more Now for the first time in 40 years stories of that day and the aftermath are brought together in one volume to give a terrifying account of a day that shook the rail network Interviews from survivors rescuers and the relatives of those killed answer questions that until now have remained hidden How was a packed train able to overshoot a terminal station and crash with such devastating consequences How were the rescuers able to pull people out of the wreckage alive over 12 hours after impact Most importantly what was the cause of the crash Author Richard M Jones has dedicated his life to researching disasters of historical significance that have been forgotten

End of the Line Travis Hill,2015-04-20 For fifty years humanity fought alongside the Hanura and The Seven against the Kai With the Hanura wiped from the galaxy and The Seven falling soon after the Terran Coalition now stands alone against a superior enemy an enemy that has pledged the complete extermination of mankind Driven back to Earth the last remaining human world Private Dana Lofgren and the remnants of the 307th fight their way through rugged terrain and impossible odds With nowhere to run and the enemy closing in they have no choice but to keep going until they reach the end of the line 60 000 words 200 pages Adult themes profanity violence

The Other End of the Line Andrea Camilleri,2019-09-03 Wholly addictive entirely magical series set in Sicily and starring a detective unlike any other in crime fiction altogether transporting A J Finn 1 New York Times bestselling author A WASHINGTON POST BEST MYSTERY OF 2019 A BEST BOOK OF 2019 NPR s Book Concierge A wave of refugees has arrived on the Sicilian coast and Inspector Montalbano and his team have been stationed at port alongside countless volunteers to receive and assist the newcomers Meanwhile Livia has promised their presence at a friend s wedding and the inspector agreeing to get a new suit tailored meets the charming master seamstress Elena Biasini But while on duty at the dock one late night tragedy strikes and a woman is found gruesomely murdered Between managing the growing crowds at the landing Montalbano delves into the

world of garments in the company of an orphaned cat where he works to weave together the loose threads of the unsolved crimes and close the case End of the Line Barry C. Lynn, 2006-08-08 In September 1999 an earthquake devastated much of Taiwan toppling buildings knocking out electricity and killing 2 500 people Within days factories as far away as California and Texas began to close Cut off from their supplies of semiconductor chips companies like Dell and Hewlett Packard began to shutter assembly lines and send workers home A disaster that only a decade earlier would have been mainly local in nature almost cascaded into a grave global crisis The quake in an instant illustrated just how closely connected the world had become and just how radically different are the risks we all now face End of the Line is the first real anatomy of globalization It is the story of how American corporations created a global production system by exploding the traditional factory and casting the pieces to dozens of points around the world It is the story of how free trade has made American citizens come to depend on the good will of people in very different nations in very different regions of the world It is a story of how executives and entrepreneurs at such companies as General Electric Cisco Dell Microsoft and Flextronics adapted their companies to a world in which America's international policies were driven ever more by ideology rather than a focus on the long term security and well being of society Politicians have long claimed that free trade creates wealth and fosters global stability Yet Lynn argues that the exact opposite may increasingly be true as the resulting global system becomes ever more vulnerable to terrorism war and the vagaries of nature From a lucid explanation of outsourcing's true impact on American workers to an eye opening analysis of the ideologies that shape free market competition Lynn charts a path between the extremes of left and right He shows that globalization can be a great force for spreading prosperity and promoting peace but only if we master its complexities and approach it in a way that protects and advances our national interest
