Thief, Convict, Pirate, Wife Jennifer Ashton, 2022-07-14 Charlotte Badger is a woman around whom many stories have been woven the thief sentenced to death in England and then transported to New South Wales the pirate who joined a mutiny to take a ship to the Bay of Islands the first white woman resident in Aotearoa the wife of a rangatira and many more In this remarkable piece of historical detective work Jennifer Ashton shows what we know about Charlotte Badger and how the stories about her have shifted over time From a Worcester courtroom to the outskirts of Sydney from the English countryside to Wairoa Bay Ashton brings to life the maritime and wider imperial world of the late eighteenth and early nineteenth centuries and the convicts and runaways sailors and soldiers governors and missionaries who filled that world The author shows how history and historical figures like Charlotte Badger are made and remade over time by journalists and historians painters and playwrights Charlotte Badger's was a life that is at once more remarkable more curious and more mundane than has

previously been written Jennifer Ashton tells the fascinating story of a remarkable curious ordinary woman and her place in history 'A Bloody Difficult Subject' Bain Attwood,2023-05-11 Ruth Ross is hardly a household name yet most New Zealanders today owe the way they understand the Treaty of Waitangi or te Tiriti o Waitangi as Ross called it to this remarkable woman s path breaking historical research Taking us on a journey from small university classes and a lively government department in the nation s war time capital to an economically poor but culturally rich Maori community in the far north and from tiny schools and cloistered university offices to parliamentary committees and a legal tribunal Attwood enables us to grasp how and why the place of the Treaty of Waitangi in New Zealand law politics society and culture has been transformed in the last seven decades A frank and moving meditation on the making of history and its advantages and disadvantages for life in a democratic society A Bloody Difficult Subject is a surprising story full of unforeseen circumstances unexpected twists unlikely turns and unanticipated outcomes

Intimacies of Violence in the Settler Colony Penelope Edmonds,Amanda Nettelbeck,2018-05-25 Violence and intimacy were critically intertwined at all stages of the settler colonial encounter and yet we know surprisingly little of how they were connected in the shaping of colonial economies Extending a reading of economies as labour relations into new arenas this innovative collection of essays examines new understandings of the nexus between violence and intimacy in settler colonial economies of the British Pacific Rim The sites it explores include cross cultural exchange in sealing and maritime communities labour relations on the frontier inside the pastoral station and in the colonial home and the material and emotional economies of exploration Following the curious mobility of texts objects and frameworks of knowledge this volume teases out the diversity of ways in which violence and intimacy were expressed in the economies of everyday encounters on the ground In doing so it broadens the horizon of debate about the nature of colonial economies and the intercultural encounters that were enmeshed within them

A Power in the World Lorenz Gonschor,2019-06-30 Few people today know that in the nineteenth century Hawai i was not only an internationally recognized independent nation but played a crucial role in the entire Pacific region and left an important legacy throughout Oceania As the first non Western state to gain full recognition as a coequal of the Western powers yet at the same time grounded in indigenous tradition and identity the Hawaiian Kingdom occupied a unique position in the late nineteenth century world order From this position Hawai i s leaders were able to promote the building of independent states based on their country s model throughout the Pacific envisioning the region to become politically unified Such a pan Oceanian polity would be able to withstand foreign colonialism and become in the words of one of the idea s pioneers a Power in the World After being developed over three decades among both native and non native intellectuals close to the Hawaiian court King Kal kaua s government started implementing this vision in 1887 by concluding a treaty of confederation with S moa a first step toward a larger Hawaiian led pan Oceanian federation Political unrest and Western imperialist interference in both Hawai i and S moa prevented the project from advancing further at the time and a long interlude of colonialism and

occupation has obscured its legacy for over a century Nonetheless it remains an inspiring historical precedent for movements toward greater political and economic integration in the Pacific Islands region today Lorenz Gonschor examines two intertwined historical processes The development of a Hawai i based pan Oceanian policy and underlying ideology which in turn provided the rationale for the second process the spread of the Hawaiian Kingdom s constitutional model to other Pacific archipelagos He argues that the legacy of this visionary policy is today re emerging in the form of two interconnected movements namely a growing movement in Hawai i to reclaim its legacy as Oceania s historically leading nation state on one hand and an increasingly assertive Oceanian regionalism emanating mainly from Fiji and other postcolonial states in the Southwestern Pacific on the other As a historical reference for both nineteenth century Hawaiian policy serves as an inspiration and guideline for envisioning de colonial futures for the Pacific region
