Black Girlhood, Punishment, and Resistance Nishaun T. Battle, 2019-08-29 Black Girlhood Punishment and Resistance Reimagining Justice for Black Girls in Virginia provides a historical comprehensive examination of racialized classed and gendered punishment of Black girls in Virginia during the early twentieth century It looks at the ways in which the court system punished Black girls based upon societal accepted norms of punishment hinged on a notion that they were to be viewed and treated as adults within the criminal legal system Further the book explores the role of Black Club women and girls as agents of resistance against injustice by shaping a social justice framework and praxis for Black girls and by examining the establishment of the Virginia Industrial School for Colored Girls This school was established by the Virginia State Federation of Colored Women s Clubs and its first President Janie Porter Barrett This book advances contemporary criminological understanding of punishment by locating the historical origins of an environment normalizing unequal justice It draws from a specific focus on Janie Porter Barrett and the Virginia Industrial School for Colored Girls a groundbreaking court case of the first female to be executed in Virginia historical newspapers and Black Women s Club archives to highlight the complexities of Black girls experiences within the criminal justice system and spaces created to promote social justice for these girls The historical approach unearths the justice system s role in crafting the pervasive devaluation of Black girlhood through racialized gendered and economic based punishment Second it offers insight into the ways in which historically Black women have contributed to what the book conceptualizes as resistance criminology offering policy implications for transformative social and legal justice for Black girls and girls of color impacted by violence and punishment Finally it offers a lens to explore Black girl resistance strategies through the lens of the Black Girlhood Justice framework Black Girlhood Punishment and Resistance uses a historical intersectionality framework to provide a

comprehensive overview of cultural socioeconomic and legal infrastructures as they relate to the punishment of Black girls. The research illustrates how the presumption of guilt of Black people shaped the ways that punishment and the creation of deviant Black female identities were legally sanctioned. It is essential reading for academics and students researching and studying crime, criminal justice, theoretical criminology, women's studies, Black girlhood studies, history, gender, race, and socioeconomic class. It is also intended for social justice organizations, community leaders, and activists engaged in promoting social and legal justice for the youth.

Black Gurl Reliable Dominique C. Hill, 2025-06-30. Black Gurl Reliable does the original work of curating Black girls and women's experiences and experiential knowledge, indexing sociocultural tactics, schooling that foreclose Black girl aliveness, while advancing embodiment as a key ingredient of Black mattering. Elevating Black Girlhood Studies as an ethos, narratives presented offer redress to inequities and hauntings of race, gender, structures of dominance, and position. Black girls and girlhood as more than lamentation and what happens to the body. Hill solicits the strength and utility of arts-based methods in capturing identity, performance, and experimental design for ephemerality and improvisation. Hill makes clear Black feminism's insistence that knowledge and possibility are produced through the body. As a means of mitigating the deleterious effects of schooling on Black girls and women's bodies and making legible the insights and knowledge produced from schooling experiences, Hill introduces the concept of TransgressnGroove. This living feminist practice explores the relationships between Black girlhood, education, and the body, as researched for over a decade through workshops, consulting, classrooms, personal development, and other teaching/learning spaces.

Black Girl Civics Ginnie Logan, Janiece Mackey, 2020-09-01. What does it mean to be a civic actor who is Black Young Female in the United States? Do African American girls take up the civic mantle in the same way that their male or non-Black peers do? What media, educational, or social platforms do Black girls leverage to gain access to the political arena, and why? How do Black girls negotiate civic identity within the context of their racialized, gendered, and age-specific identities? There are scholars doing powerful work on Black youth, and civics scholars focused on girls, and civics scholars focused on Black girls in education. But the intersections of African American girlhood and civics have not received adequate attention. This book begins the journey of understanding and communicating the varied forms of civics in the Black Girl experience. Black Girl Civics: Expanding and

Navigating the Boundaries of Civic Engagement brings together a range of works that grapple with the question of what it means for African American girls to engage in civic identity development and expression. The chapters collected within this volume openly grapple with and disclose the ways in which Black girls engage with and navigate the spectrum of civics. This collection of 11 chapters features a range of research from empirical to theoretical and is forwarded by Black Girlhood scholar Dr. Venus Evans-Winters. The intended audience for this volume includes Black girlhood scholars, scholars of race and gender, teachers, civic advocacy organizations, civic engagement researchers, and youth development providers.
