Black Is The New White:

Black Is the New White Paul Mooney, 2010 For more than forty years Paul Mooney has been provocative incisive and absolutely hilarious His comedy has always been indisputably real and raw reflecting race issues in America As head writer for The Richard Pryor Show he helped tear down racial barriers and change the course of comedy He helped Robin Williams and Sarah Bernhard break into show business He paved the way for superstars like Eddie Murphy Few have witnessed as much comedy history as Mooney even fewer could recount it with such riotous honesty and depth of insight from back cover

Reclaiming the Black Past Pero Dagbovie, 2018-11-13 In this information overloaded twenty first century it seems impossible to fully discern or explain how we know about the past But two things are certain Whether we are conscious of it or not we all think historically on a routine basis And our perceptions of history including African American history have not necessarily been shaped by professional historians In this wide reaching and timely book Pero Gaglo Dagbovie argues that public knowledge and understanding of black history including its historical icons has been shaped by institutions and individuals outside academic ivory towers Drawing on a range of compelling examples Dagbovie explores how in the twenty first century African American history is regarded depicted and juggled by diverse and contesting interpreters from museum curators to film makers entertainers politicians journalists and bloggers Underscoring the ubiquitous nature of African American history in contemporary American thought and culture each chapter unpacks how black history has been represented and remembered primarily during the Age of Obama the so called era of post racial American society Reclaiming the Black Past The Use and Misuse of African American History in the 21st Century is Dagbovie s contribution to expanding how we understand African American history during the new millennium

Ethnic Humor in Multiethnic America David Gillota, 2013-07-01 When wielded by the white majority ethnic humor can be used to ridicule and demean marginalized groups In the hands of ethnic minorities themselves ethnic humor can work as a site of community building and resistance In nearly all cases however ethnic humor can serve as a window through which to examine the complexities of American race relations In Ethnic Humor in Multiethnic America David Gillota explores the ways in which contemporary comic works both reflect and participate in national conversations about race and ethnicity Gillota investigates the manner in which various humorists respond to multiculturalism and the increasing diversity of the American population Rather than looking at one or two ethnic groups at a time as is common scholarly practice the book focuses on the interplay between humorists from different ethnic communities While some comic texts project a fantasy world in which diverse ethnic characters coexist in a rarely disputed harmony others genuinely engage with the complexities and contradictions of multiethnic America The first chapter focuses on African American comedy with a discussion of such humorists as Paul Mooney and Chris Rock who tend to reinforce a black white vision of American race relations This approach is contrasted to the comedy of Dave Chappelle who looks beyond black and white and uses his humor to place blackness within a much wider multiethnic context Chapter 2

concentrates primarily on the Jewish humorists Sarah Silverman Larry David and Sacha Baron Cohen three artists who use their personas to explore the peculiar position of contemporary Jews who exist in a middle space between white and other In chapter 3 Gillota discusses different humorous constructions of whiteness from a detailed analysis of South Park to Blue Collar Comedy and the blog Stuff White People Like Chapter 4 is focused on the manner in which animated children s film and the network situation comedy often project simplified and harmonious visions of diversity In contrast chapter 5 considers how many recent works such as Harold and Kumar Go to White Castle and the Showtime series Weeds engage with diversity in more complex and productive ways

Shades of Difference Richard Rees,2007-02-23 From its prehistory in the biological theories of racial difference formulated in the 1800s to its current position in academic debate Richard Rees investigates the diverse fields of scholarship from which the multifaceted understanding of the term ethnicity is derived At the same time Rees traces the broader historical forces that shaped the needs to which the concept of ethnicity responded and the social purposes to which it was applied Centrally he focuses upon the emergence of ethnicity in the early 1940s as a means of resolving contradictions and ambiguities in the racial status of European immigrants and its subsequent legacy and implications on race and caste Shades of Difference introduces new perspectives on the definition of whiteness in America and makes an original contribution to the larger discussion of race through a detailed account of ethnicity s original meaning and its revaluation when later appropriated by the discourse of Black Nationalism in the 1960s and 70s Rees has produced a powerful new analysis of the cultural and political history of ethnicity in America

Contemporary Australian Playwriting Chris Hay,Stephen Carleton,2022-11-29 Contemporary Australian Playwriting provides a thorough and accessible overview of the diverse and exciting new directions that Australian Playwriting is taking in the twenty first century In 2007 the most produced playwright on the Australian mainstage was William Shakespeare In 2019 the most produced playwright on the Australian mainstage was Nakkiah Lui a Gamilaroi and Torres Strait Islander woman This book explores what has happened both on stage and off to generate this remarkable change As writers of colour queer writers and gender diverse writers are produced on the mainstage in larger numbers they bring new critical directions to the twenty first century Australian stage At a politically turbulent time when national identity is fractured this book examines the ways in which Australia s leading playwrights have interrogated problematised and tried to make sense of the nation Tracing contemporary trends the book takes a thematic approach to the re evaluation of the nation that is dramatized in key Australian plays Each chapter is accompanied by a duologue between two of the playwrights whose work has been analysed to provide a dual perspective of theory and practice

Bruce Guy Carleton Lee,Francis Newton Thorpe,1905 *Red, White, and Black* Robert L. Woodson, Sr.,2021-05-11 In the rush to redefine the place of black Americans in contemporary society many radical activists and academics have mounted a campaign to destroy traditional American history and replace it with a politicized version that few would recognize According

to the new radical orthodoxy the United States was founded as a racist nation and everything that has happened throughout our history must be viewed through the lens of the systemic oppression of black people Rejecting this false narrative a collection of the most prominent and respected black scholars and thinkers has come together to correct the record and tell the true story of black Americans in all its complexity diversity of experience and poignancy Collectively they paint a vivid picture of black people living the grand American experience however bumpy the road may be along the way But rather than a people apart blacks are woven into the united whole that makes this nation unique in history Featuring Essays by John Sibley Butler Jason D Hill Coleman Cruz Hughes John McWhorter Clarence Page Wilfred Reilly Shelby Steele Carol M Swain Dean Nelson Charles Love Rev Corey Brook Stephen L Harris Harold A Black Stephanie Deutsch Yaya J Fanusie Ian Rowe John Wood Jr Joshua Mitchell Robert Cherry Rev DeForest Black Soaries Jr **Michigan Living - Motor News** ,1925
