International Perspectives on Rethinking Evil in Film and Television Tüysüz, Dilan, 2020-12-22 Aestheticization of evil is a frequently used formula in cinema and television However the representation of evil as an aesthetic object pushes it out of morality Moral

judgments can be pushed aside when evil is aestheticized in movies or TV series because there is no real victim. Thus situations such as murder or war can become a source of aesthetic pleasure. Narratives in cinema and television can sometimes be based on a simple good evil dichotomy and sometimes they can be based on individual or social experiences of evil and follow a more complicated method. Despite the various ways evil is depicted it is a moral framework in film and television that must be researched to study the implications of aestheticized evil on human nature and society. *International Perspectives on Rethinking Evil in Film and Television* examines the changing representations of evil on screen in the context of the commonness, normalization, aestheticization, marginalization, legitimization or popularity of evil. The chapters provide an international perspective of the representations of evil through an exploration of the evil tales or villains in cinema and television. Through looking at these programs this book highlights topics such as the philosophy of good and evil, the portrayal of heroes and villains, the appeal of evil and evil's correspondence with gender and violence. This book is ideal for sociologists, professionals, researchers and students working or studying in the field of cinema and television and practitioners, academicians and anyone interested in the portrayal and aestheticization of evil in international film and television.

Intersectionality in Anglophone Television Series and Cinema Kévin Drif, Georges-Claude Guilbert, 2020-10-15. This book takes an intersectional approach to explore gender, race, ethnicity and social class in television series and films produced by English speaking countries. Starting from Kimberl Crenshaw's 1989 concept of intersectionality and encompassing film studies, television studies, cultural studies, gender studies, Queer theory, African American studies and post colonial studies, this volume sheds light not only on revealing intersectional elements of on screen fiction but also on the very nature of intersectional criticism.

Black Communication Theory Volume 2 Kehbuma Langmia, 2024-10-12. This second volume of *Black Communication Theory* extends the Black communication sphere to include digital as well as non digital modes of communication for the Black community on the continent of Africa and the Diaspora. The authors of this edition have been able to build on from the conceptualizations enshrined within the first volume and expanded it to include other Black communication contexts be they on gender, race, ethnicity or class. Continuing the journey of populating the Black communication public and private sphere on the cyberspace as well as non cyberspaces, this volume will provide an invaluable resource to students and researchers of Afrocentric communication theories. This is the moment for those examining Black communication related phenomena to harvest theories conceived and presented by Communication scholars actively engaged with pedagogy within the university system the world over.

Boardinghouse Women Elizabeth S. D. Engelhardt, 2023-11-14. In this innovative and insightful book Elizabeth Engelhardt argues that modern American food, business, caretaking, politics, sex, travel, writing and restaurants all owe a debt to boardinghouse women in the South. From the eighteenth century well into the twentieth, entrepreneurial women ran boardinghouses throughout the South, some also carried the institution to far flung places like California, New York and London. Owned and operated by Black, Jewish, Native

American and white women rich and poor immigrant and native born these lodgings were often hubs of business innovation and engines of financial independence for their owners Within their walls boardinghouse residents and owners developed the region s earliest printed cookbooks created space for making music and writing literary works formed ad hoc communities of support tested boundaries of race and sexuality and more Engelhardt draws on a vast archive to recover boardinghouse women s stories revealing what happened in the kitchens bedrooms hallways back stairs and front porches as well as behind closed doors legacies still with us today *Black Women Directors* Christina N. Baker, 2022-03-18 For far too long the cultural and historical narratives about film have overlooked the contributions of Black women directors This book remedies this omission by highlighting the trajectory of the culturally significant work of Black women directors in the U S from the under examined pioneers of the silent era to the contemporary Black women directors in Hollywood
