White Lies Ann Bausum, 2025-08-12 This powerful and unflinching examination of racism in America by award winning historian Ann Bausum deconstructs the warped history of the Civil War for teen readers perfect for fans of *STAMPED JUST MERCY* and *ACCOUNTABLE Warning* This is not your average U S history book After the Civil War the Confederates may have laid down their arms but they were far from accepting defeat By warping the narrative around what really happened during and after the Civil War they created an alternate history now known as the Lost Cause These lies still manifest today through criticism of Critical Race Theory book banning unequal funding for education and more This book sets the record straight and explains the true history of the Civil War and its complex and far reaching aftermath Written by historian and award winning author Ann Bausum *WHITE LIES* is an impeccably researched chronicle filled with photos robust back matter additional resources and more that fans of Howard Zinn's *A Young People's History of the United States* will enjoy

White Lies A. J. Baime, 2022-02-08 A New Yorker Best Book of the Year 2022 An electrifying biography of Walter White a little remembered Black civil rights leader who passed for white in order to investigate racist murders help put the NAACP on the map and change the racial identity of America forever *Chicago Review of Books* Walter F White led two lives one as a leader of the Harlem Renaissance and the NAACP in the early twentieth century the other as a white newspaperman who covered lynching crimes in the Deep South at the blazing height of racial violence Born mixed race and with very fair skin and straight hair White was able to pass for white He leveraged this ambiguity as a reporter bringing to light the darkest crimes in America and helping to plant the seeds of the civil rights movement White's risky career led him to lead a double life He was simultaneously a second class citizen subject to Jim Crow laws at home and a widely respected professional with full access to the white world at work His life was fraught with internal and external conflict much like the story of race in America Starting out as an obscure activist White ultimately became Black America's most prominent leader during his time A character study of White's life and career with all these complexities has never been

rendered until now By the award winning New York Times bestselling author of *The Accidental President* *Dewey Defeats Truman* and *The Arsenal of Democracy* *White Lies* uncovers the life of a civil rights leader unlike any other **Open Casket** George Yancy, A. Todd Franklin, 2025-08-21 *Open Casket* brings political and philosophical clarity to bear on the brutal murder of Emmitt Till and his mother's decision to show the world her son's body The open casket is a central motif a political and ethical focal point for thinking about Mamie Till Mobley's pain and suffering and her profound act of truth telling as she wanted the world to bear witness to the gratuitous despicable and atrocious dimensions of anti Blackness The critical and powerful essays within this book capture both the horror of Emmett Till's murder lynching and the powerful agency and the indomitable Black maternal love and courage that Mamie Till Mobley demonstrated Through the open casket Mamie Till Mobley reclaimed her son's body and re signified his dignity and familial relational meaning to white America Black America and the world It was her agency in spite of the horror of his disfigured body and the unbearable affective weight that she experienced by such a site sight that forced white America to witness the terror of anti Blackness to tarry with its own egregious systemic racism In solemn recognition of the 70th anniversary of Till's murder George Yancy and A Todd Franklin gather interdisciplinary voices to articulate the political spiritual and existential significance of Black hope in the face of seeming hopelessness *Black Rights/White Wrongs* Charles W. Mills, 2017-03-01 Liberalism is the political philosophy of equal persons yet liberalism has refused equality to those it saw as sub persons Liberalism is the creed of fairness yet liberalism has been complicit with European imperialism and African slavery Liberalism is the classic ideology of Enlightenment and political transparency yet liberalism has cast a dark veil over its actual racist past and present In sum liberalism's promise of equal rights has historically been denied to blacks and other people of color In *Black Rights White Wrongs* The Critique of Racial Liberalism political philosopher Charles Mills challenges mainstream accounts that ignore this history and its current legacy in self conceived liberal polities today Mills argues that rather than bracket as an anomaly the role of racism in the development of liberal theory we should see it as shaping that theory in fundamental ways As feminists have urged us to see the dominant form of liberalism as a patriarchal liberalism so too Mills suggests we should see it as a racialized liberalism It is unsurprising then if contemporary liberalism has yet to deliver on the recognition of black rights and the correction of white wrongs These essays look at racial liberalism past and present white ignorance as a guilty ignoring of social reality that facilitates white racial domination Immanuel Kant's role as the most important liberal theorist of both personhood and sub personhood the centrality of racial exploitation in the United States and the evasion of white supremacy in John Rawls's ideal theory framing of social justice and in the work of most other contemporary white political philosophers Nonetheless Mills still believes that a deracialized liberalism is both possible and desirable He concludes by calling on progressives to Occupy liberalism and develop accordingly a radical liberalism aimed at achieving racial justice **White Lies Matter** Micaiah Wright, 2025-09-01 Forget Make America Great Again The real sermon was always Make

America White Again In this blistering satire *White Lies Matter* unmask the holy hymnbook of racism disguised as patriotism With the wit of Twain the bite of Carlin and the audacity of Chappelle this book takes readers on a gospel tour of America's original sin where the Founding Fathers get canonized while their slaves stay invisible police badges double as crosses and political rallies sound suspiciously like revival meetings If you've ever wondered how white supremacy baptized itself in red white and blue this is your altar call Equal parts hilarious and horrifying *White Lies Matter* is the scripture MAWA never wanted you to read

White Lies Christopher M. Driscoll, 2015-10-23 *White Lies* considers African American bodies as the site of cultural debates over a contested white religion in the United States Rooting his analysis in the work of W E B DuBois and James Baldwin Christopher Driscoll traces the shifting definitions of white religion from the nineteenth century up to the death of Michael Brown and other racial controversies of the present day He engages both modern philosophers and popular imagery to isolate the instabilities central to a white religion including the inadequacy of this framing concept as a way of describing and processing death The book will be of interest to students and scholars interested in African American Religion philosophy and race and Whiteness Studies
