Ascension And Ecclesia On The Significance Of The Doctrine Of Ascension:

Ascension And Ecclesia Douglas Farrow, 2004-07-01 Recent theology offers few attempts to come to grips with the meaning and implications of the ascension of Jesus Professor Farrow begins with a discussion of the biblical treatment of the ascension and Eucharistic celebration from which emerges the unique ecclesial worldview There are chapters on the treatment of these ideas by Irenaeus Origen and Augustine and on developments up to the Reformation He explores the link between ideas of the ascension cosmology and ecclesiology Farrow goes on to examine the difficulties faced by the doctrine of ascension in the modern scientific world In a final chapter he calls for an ecclesiology which does not marginalise the human Jesus

Ascension and Ecclesia Douglas Bryce Farrow, University of London, 1994

Colin Gunton's Trinitarian Theology of Culture Andrew Picard, 2024-06-27 Whilst upholding some of the criticisms of Colin Gunton's work this incisive book argues that there is a Hauptbriefe in Gunton reception that assumes his early classic works *The One the Three and the Many* and *The Promise of Trinitarian Theology* 1st ed are definitive of his project and fail to engage adequately with the progressions in Gunton's later thought Instead this book offers a fresh reading of Gunton by giving greater prominence to his later writings which are centred in the mediation of the Son and the Spirit in creation Andrew Picard argues that Gunton's trinitarian theology of culture emerges from his later trinitarian theology of mediation creation Christology pneumatology and ecclesiology Exploring these doctrinal foci enables an understanding of Gunton's account of faithful human culture as embodied worship a living sacrifice of praise which contributes to the divine redemption and perfection of creation It is the church's particular calling to embody such praise through its visible life in community The study concludes by intersecting Gunton's theology with the social sciences to critique ableism and consider the politics of the church's belonging in community

Theosis in the Theology of Thomas Torrance Myk Habets, 2016-02-17 Torrance's vision of Theosis deification divinisation is explored through his doctrine of creation and anthropology his characterisation of the incarnation his accounts of reconciliation and union with Christ and his theology of church and sacraments Myk Habets study distinguishes Torrance's Reformed vision of theosis from other possible accounts of salvation as divinisation as they are found for instance within patristic thought and Eastern Orthodoxy This book presents the first critique of the theology of T F Torrance to focus on theosis and examines a model of theosis within the realm of reformed theology built upon Western theology

The Doctrine of Creation Bruce Riley Ashford, Craig G. Bartholomew, 2020-11-10

According to Bruce Ashford and Craig Bartholomew one of the best sources for regaining a robust biblical doctrine of creation is the recovery of Dutch neo Calvinism Tracing historical treatments and exploring theological themes Ashford and Bartholomew develop the Kuyperian tradition s rich resources on creation for systematic theology and the life of the church today **Ascent into Heaven in Luke-Acts** David W. Pao ,David K. Bryan ,2016-12-01 In comparison with other aspects of Jesus life and ministry his ascent into heaven has often been overlooked within the history of the church However considering its placement at the end of the Gospel and the beginning of Acts the only narrative depictions of the event in the New Testament the importance of Jesus ascent into heaven is undeniable for Luke s two volume work While select studies have focused on particular aspects of these accounts for Luke s story the importance of the ascension calls for renewed attention to the narratological and theological significance of these accounts within their historical and literary contexts In this volume leading scholars discuss the ascension narratives within the ancient contexts of biblical Second Temple Jewish and Greco Roman literature the literary contours of Luke Acts and questions of historical and theological significance in the wider milieu of New Testament theology and early Christian historiography The volume sets out new positions and directions for the next generations of interpreters regarding one of the most important and unique elements of the Lukan writings

Wolfgang Vondey, 2008 Wolfgang Vondey contends that the story of the church is a story of the people of bread. The image of bread is one of the richest and at the same time one of the most neglected biblical images that speak to an ecumenical understanding of the church. Drawing from scripture from writers of the early church and from cutting edge debates in contemporary scholarship Vondey unfolds the social moral missiological ecumenical and eschatological dimensions of the church based on the story of bread that far exceeds a eucharistic interpretation. People of Bread speaks to a growing interest in an understanding of the church by addressing the widespread revival of the theological imagination. BOOK JACKET

Locating Atonement Zondervan, 2015-11-10 A Close Look at Atonement's Place in Contemporary Systematic Theology In light of renewed interest in the doctrine of atonement during which a range of atonement models have gained momentum among different traditions it's important to map these models to the broader context of theological thought on this aspect of Christ's work and to show how no single approach has the complete picture. The proceedings of the third annual Los Angeles Theology Conference seek to identify the place of the doctrine of atonement in systematic theology. Locating Atonement stays away from discussion of theories of atonement typologies of those theories and contests among various theories. Instead its focus is on the question: What else is there to do in atonement theology besides rehashing types and theories? The twelve diverse essays in this collection include discussions on Atonement and the concept of punishment Atonement and ascension Atonement and human suffering Atonement and covenant. Each of the essays collected in this volume engage with Scripture as well as with others in the field theologians both past and present from different confessions in order to provide constructive resources for contemporary systematic theology and to forge a theology for the future.
