Assange In Sweden The Police Investigation Volume 1:

Crime and Justice, Volume 41: Prosecutors and Politics Michael Tonry, 2013-12-16 Prosecutors are powerful figures in any criminal justice system They decide what crimes to prosecute whom to pursue what charges to file whether to plea bargain how aggressively to seek a conviction and what sentence to demand In the United States citizens can challenge decisions by police judges and corrections officials but courts keep their hands off the prosecutor Curiously in the United States and elsewhere very little research is available that examines this powerful public role And there is almost no work that critically compares how prosecutors function in different legal systems from state to state or across countries Prosecutors and Politics begins to fill that void Police courts and prisons are much the same in all developed countries but prosecutors differ radically The consequences of these differences are enormous the United States suffers from low levels of public confidence in the criminal justice system and high levels of incarceration in much of Western Europe people report high confidence and support moderate crime control policies in much of Eastern Europe people's perceptions of the law are marked by cynicism and despair Prosecutors and Politics unpacks these national differences and provides insight into this key area of social control Since 1979 the Crime and Justice series has presented a review of the latest international research providing expertise to enhance the work of sociologists psychologists criminal lawyers justice scholars and political scientists The series explores a full range of issues concerning crime its causes and its cure Confessions of an Illuminati, VOLUME II Leo Lyon Zagami, 2017-11-11 After his master thesis of the secret societies network as outlined in Volume I the Confessions of an Illuminati narrative of Leo Lyon Zagami is projected to the reality of today including the occult maneuvers behind the New World Order We need to wake up beyond our current belief systems because the controllers of the New World Order are moving fast using the Prophecies to their advantage to implement their evil plan by 2020 when World War III will finally break loose The author demonstrates that the hierarchy of power emanating from Rome and Jerusalem with the Jesuits and the Zionist's united by a secret pact since the Second Vatican Council are in cahoots working towards the creation of a world government There is also China playing a new role in the NWO with the far reaching tentacles of Chinese Freemasonry manipulating economic Hit Men and disinformation artists while Russia is building their Christian orthodox alliance to apparently oppose the Western antichrist In this unprecedented scenario we also have the involvement of the big media moguls like Ted Turner and Silvio Berlusconi and their role in manipulating perceptions The author discusses further aspects of the Satanic infiltration of Freemasonry pointing out on the generational aspect the many ways of defending yourself psychically against black magicians but also against the many sects operating in the Illuminati Network *Secret Power* Stefania Maurizi, 2022-11-01 Winner of the European Award for Investigative And Judicial Journalism 2021 Winner of the Premio Alessandro Leogrande Award for Investigative Journalism 2022 Winner of the Premio Angelo Vassallo Award 2022 I want to live in a society where secret power is accountable to the law and to public opinion for its atrocities where it is the

war criminals who go to jail not those who have the conscience and courage to expose them It is 2008 and Stefania Maurizi an investigative journalist with a growing interest in cryptography starts looking into the little known organization WikiLeaks Through hushed meetings encrypted files and explosive documents what she discovers sets her on a life long journey that takes her deep into the realm of secret power Working closely with WikiLeaks founder Julian Assange and his organization for her newspaper Maurizi has spent over a decade investigating state criminality protected by thick layers of secrecy while also embarking on a solitary trench warfare to unearth the facts underpinning the cruel persecution of Assange and WikiLeaks With complex and disturbing insights Maurizi s tireless journalism exposes atrocities the shameful treatment of Chelsea Manning and Edward Snowden on up to the present persecution of WikiLeaks a terrifying web of impunity and cover ups At the heart of the book is the brutality of secret power and the unbearable price paid by Julian Assange WikiLeaks and truth-tellers

Assange in Sweden Radsoft,Radsoft Net,Rixstep,Rixstep Com,Bridget Hunter,2013-04-05 These are the transcripts of the police interrogations in the case of Julian Assange which was opened by Anna Ardin and Sofia Wilen on Friday 20 August 2010 in Stockholm Sweden along with lab results for two condoms said to have been used during the sexual encounters The documents in this book form part of the formal submission to the UK courts The work with the translation began as soon as the existence and location of the documents became known The last of the translations went online five days after the discovery The translations represent well over 30 000 words and include the interrogations of Anna Ardin Julian Assange Sofia Wilen and nine witnesses two of whom were acquainted with Julian Assange Clearly these documents are of central and crucial relevance to one of the most important legal cases of our times In addition the lab report for the two condoms shows that when the Swedish state lab SKL tested Anna Ardin s condom for chromosomal DNA strikingly they found none As chromosomal DNA from both parties inundates condoms during intercourse the lab result indicates that this condom although presented as evidence was never actually used a matter the Swedish media have kept hidden from their readers for all these years As Swedish is not a language that is commonly known in most of the world it provides a formidable barrier to transparency We have made the translations of these documents available so that all may understand the evidence in this case A final note proceeds from the sales of this book will be donated to the Julian Assange Defence Fund www.assangeinsweden.com Twitter [AssangeInSweden](https://twitter.com/AssangeInSweden)

Julian Assange in Sweden Guy J. Sims,2012-10-12 Julian Assange founder of WikiLeaks was in Sweden for almost seven weeks during August and September 2010 What happened to him during those seven weeks is a story familiar to many people in Sweden because it is in the Swedish language Here for the first time is the story for English speaking readers much of it from official Swedish police documents The first section of the book reports items day by day Assange was invited to Sweden to give a seminar He gave his seminar on Saturday 14 August and that evening a crayfish

party was held in his honour On Wednesday 18 August he applied for a work permit and residence permit in Sweden With these permits he would also be able to apply for a publishing certificate which would give him and WikiLeaks strong legal protection in Sweden On Friday 20 August two women walked into a police station That evening Julian Assange was sought for arrest on suspicion of rape and this was reported in the newspaper Expressen and subsequently world wide The next day the arrest order was cancelled and the suspicion of rape dropped On Wednesday 1 September the suspicion of rape against Assange was resurrected On Monday 27 September Assange had waited for almost four weeks to be interrogated by the police but nothing had happened so he left Sweden Other sections of the book provide information on key events short biographies of the main characters a review of the Swedish justice system full translations of all the available police documents and a final section reports the legal and business activities of Julian Assange and WikiLeaks in Sweden during that period

The Trial of Julian Assange Nils Melzer, 2022-02-08 The shocking story of the legal persecution of Wikileaks founder Julian Assange and the dangerous implications for the whistleblowers of the future In July 2010 Wikileaks published Cablegate one of the biggest leaks in the history of the US military including evidence for war crimes and torture In the aftermath Julian Assange the founder and spokesman of Wikileaks found himself at the center of a media storm accused of hacking and later sexual assault He spent the next seven years in asylum in the Ecuadorian embassy in London fearful that he would be extradited to Sweden to face the accusations of assault and then sent to US In 2019 Assange was handed over to the British police and on the same day the U S demanded his extradition They threatened him with up to 175 years in prison for alleged espionage and computer fraud At this point Nils Melzer UN Special Rapporteur on Torture started his investigation into how the US and UK governments were working together to ensure a conviction His findings are explosive revealing that Assange has faced grave and systematic due process violations judicial bias collusion and manipulated evidence He has been the victim of constant surveillance defamation and threats Melzer also gathered together consolidated medical evidence that proves that Assange has suffered prolonged psychological torture Melzer s compelling investigation puts the UK and US state into the dock showing how through secrecy impunity and crucially public indifference unchecked power reveals a deeply undemocratic system Furthermore the Assange case sets a dangerous precedent once telling the truth becomes a crime censorship and tyranny will inevitably follow The Trial of Julian Assange is told in three parts the first explores Nils Melzer s own story about how he became involved in the case and why Assange s case falls under his mandate as the Special Rapporteur on Torture The second section returns to 2010 when Wikileaks released the largest leak in the history of the U S military exposing war crimes and corruption and Nils makes the case that Swedish authorities manipulated charges against Assange to force his extradition to the US and publicly discredit him In the third section the author returns to 2019 and picks up the case as Ecuador kicks Assange out of the embassy and lays out the case as it currently stands as well as the stakes involved for other potential whistleblowers trying to serve the public interest
