The Soul of Autism (EasyRead Large Bold Edition) , *The Autism Prophecies* William Stillman, 2010-04-20 It is estimated that every 20 minutes a child is diagnosed with autism No one knows why cases of autism are increasing worldwide In *The Autism Prophecies* award winning author William Stillman who is someone on the autism spectrum himself completes his spiritual trilogy by revealing the truth about autism and its purpose In this intriguing book you will learn How impossible gifts such as mind control and speaking unknown languages could be occurring in some people with autism How parents can distinguish their child's spiritual interactions from behavior that might be mislabeled as hallucinatory and unduly medicated How the wisdom of many people with autism may help us to prepare for future hardships and an impending renaissance of civility respect and compassion Fluid with God David J. Lynden, 2016-04-28 The relationship with God is

not a cliché but it does present its challenges What if the struggle to connect with God has less to do with His invisibility and more to do with our spiritual autism our confusion with God and subsequent retreat to religious routines What if God is trying to connect with us much like a parent works to connect with their autistic child Through the cover to cover story of the Bible practical aids and his own experiences with his son Micah the author offers a pathway towards genuine eye contact with God **The Autism of Gxd** Ruth M. Dunster, 2022-12-02 *The Autism of Gxd* An Atheological Love Story is truly a love story the story of Ruth Dunster's autistic search for an authentic personal and theological Gxd In this it resembles Augustine's *Confessions* as a theological autobiography It becomes atheological however as Dunster reckons with what Denys Turner terms *The Darkness of God* This awareness leads her through the poetry of Medieval mystics to the mythic death of God theology of Thomas J J Altizer The search for faith is nonetheless very real in this strange territory Dunster hears her autistic Gxd speaking in art poetry novels and music and this further leads her into the territory of Literature Theology and the Arts where in Blanchot's words the answer is the poem's absence Indeed Dunster calls the book a strange poem or even a hymn Weaving an autistic mythology out of a rigorous survey of clinical autism this book abounds in challenge and paradox It offers a fascinating view into how an autistic poet becomes a theologian and what more mainstream theologies might learn from

Natural Born Shamans - A Spiritual Toolkit for Life Imelda Almqvist, 2016-08-26 Natural Born Shamans A Spiritual Toolkit for Life covers all aspects of performing spiritual or shamanic work with children and young people It is aimed at anyone who has an interest in young people and their spiritual journey and covers all age groups from in utero until age 18 The book

explains what shamanic parenting is and describes ways of doing spirit led work even with both unborn babies and spirit children after miscarriage abortion or early death It also provides 30 tried and tested session plans for people looking for inspiration and where to start **Faith of the Fatherless** Paul C. Vitz, 2013-09-10 In this updated expanded edition starting with Freud's projection theory of religion that belief in God is merely a product of man's desire for security Professor Vitz argues that psychoanalysis actually provides a more satisfying explanation for atheism Disappointment in one's earthly father whether through death absence or mistreatment frequently leads to a rejection of God A biographical survey of influential atheists of the past four centuries shows that this defective father hypothesis provides a consistent explanation of the intense atheism of these thinkers A survey of the leading defenders of Christianity over the same period confirms the hypothesis finding few defective fathers Vitz concludes with an intriguing comparison of male and female atheists and a consideration of other psychological factors that can contribute to atheism Professor Vitz does not argue that atheism is psychologically determined Each man whatever his experiences ultimately chooses to accept God or reject him Yet the cavalier attribution of religious faith to irrational psychological needs is so prevalent that an exposition of the psychological factors predisposing one to atheism is necessary
