

An Alexander Technique Approach To French Horn Technique

Aaron Williamon

An Alexander Technique Approach To French Horn Technique:

The Alexander Technique Peter Ribeaux, 2024-07-25 From scrutinizing what exactly the Alexander Technique is to offering guidance on more advanced elements such as core postural support and psycho physical unity this book offers a holistic insight to the Alexander Technique for practitioners and artists It is difficult to explain the Alexander Technique without hands on instruction by a qualified teacher Written by expert Alexander Technique practitioner Peter Ribeaux who has a wealth of pedagogical and practice experience spanning 45 years this book steps into that space In doing so it refuses to shy away from some of the most alienating elements of the practice e g the arcane language often used instead breaking them down to make them more easy to understand while also setting out the most elementary aspects of Alexander Technique for someone who may not yet be familiar with its principles The author uses his own extensive experience of the Technique to offer tried and tested advice and posits that the Alexander Technique is not just about posture but about choice and the control of reaction Overall the book provides a wide scope of the field from concepts to techniques as well as an exploration of its application within many different domains

Mastery of the French Horn Michael Hölzel, 2020-11-06 The well known standard for all questions concerning the technique and playing of the horn now in English translation The work is relevant to professionals as well as students Apart from issues of daily practice and playing it also deals with topics that haven't been covered within horn literature until recently playing the high F horn or the Wagner tuba the arrangement of the cadenza in the solo concertos including cadenzas of all established concertos personal management as a performer and other subjects The German edition has received the German award Best Edition 2000
