

Pre-Solo Written Exam (ABEL)

Student Name _____

Introduction

FAA 141.23(g) specifies that prior to conducting solo flight, a student pilot must demonstrate satisfactory understanding of knowledge on a knowledge test that is administered and reviewed by the student's authorized instructor and meets the requirements of the section. This test must address the student pilot's knowledge of applicable portions of FARs Parts 61 and 91, 2-100 information manual, Class FIC, SOP, airspace rules and procedures for the airport where the solo flight will be performed and flight characteristics and operational limitations for that make involved as well as terrain.

Student pilot should understand that this pre solo written exam is a separate exam and different from and in addition to the FAA Practical or Private Pilot knowledge test.

Exam Procedures and Instructions

This pre solo written exam will be given to a Student Pilot's instructor at solo flight. This is an "open book" exam. Answers to most questions can be found in the current FAR/Adviser and Pilot Operating Handbook/Chart Supplement for the airport for the flight. Each of the questions in the exam requires the Student Pilot to supply an answer without those choices that correct answer are in most FAA books. Consequently, some students will "skip" until necessary. After the Student Pilot completes the exam, it will be reviewed with the student's instructor. Any incorrect answers will be discussed and corrected.

All questions address important areas that are critical to safe, legal and proficient flight. It is most important that the instructor be present and participate.
