Assessing The Impact Of Us Israeli Relations On The Arab World

Donald M. Snow

Assessing The Impact Of Us Israeli Relations On The Arab World:

Assessing the Impact of U.S.-Israeli Relations on the Arab World Lenore G. Martin, 2003 **Assessing the Impact of U.S.-Israeli Relations on the Arab World** Lenore G. Martin, 2003 **Assessing the Impact of U.S.-Israeli Relations on the Arab World** Lenore G. Martin, 2003 *Cases in International Relations* Donald M. Snow, 2022-02-24

Designed to complement the main themes of any introductory international relations course Snow's bestselling text presents original case studies that survey the state of the international system and look in depth at current issues. The cases are extremely timely, geopolitically diverse, accessibly written, and of high interest and salience amidst today's headlines. Cases cover enduring concepts like sovereignty, diplomacy, and national interest to emerging concerns like foreign election interference, the COVID pandemic, cybersecurity, and global climate change.

Iran, Israel, and the United States Jalil Roshandel, Nathan Chapman Lean, 2011-06-02

Providing an unbiased analysis of the past, present, and future of the hostile relationship between Iran, Israel, and the United States, this book presents an up-to-date discussion of the security implications for each of the two states as well as the entire region. Ongoing tensions between Iran and Israel are highly dangerous for the Middle East and have the potential to spark another major war in the region, perhaps on a much larger scale than prior conflicts. Such a confrontation between the two nations would jeopardize regional and international security and is of immediate concern for the United States. In this new book, noted scholar Jalil Roshandel provides an in-depth look at topics such as Iranian state support for terrorism, its pursuit of nuclear capability, and weapons; the implications of this activity for Israel and their relations with the Iraqi Kurdish region; the United States' role in this conflict; is also detailed, including a history of its relations with Iran, policy with Israel, and position as potential mediator. This book offers valuable context that explains the evolution of these relationships rather than simply summarizing the past and present situations and concludes with thought-provoking policy alternatives for decision makers.

Reagan on War Gail E. S. Yoshitani, 2011-11-30

Even at the time it was announced near the end of the first term of the Reagan administration, such luminaries as William Safire mischaracterized the Weinberger Doctrine as a conservative retreat from the use of force in U.S. international relations. Since that time, scholars have largely agreed with Safire that the six points spelled out in the statement represented a reaction to the Vietnam War and were intended to limit U.S. military action to only the few wars that could be relatively easily won or those in response to direct attack. In this work of extensive original scholarship, military historian Gail Yoshitani argues that the Weinberger Doctrine was intended to legitimize the use of military force as a tool of statecraft rather than to reserve force for a last resort after other instruments of power have failed. This understanding sheds much clearer light on recent foreign policy decisions as well as on the formulation and adoption of the original doctrine. With the permission of the family of former Defense Secretary Caspar Weinberger, Yoshitani gained access to Weinberger's papers at the Library of Congress. She is the first scholar granted access to General ret. John Vessey's archive at the Library and her

security clearance has made it possible for her to read and use a large number of materials still classified as secret or top secret Yoshitani uses three case studies from the Reagan administration's first term in office Central America and two deployments in Lebanon to analyze how the administration grappled with using military force in pursuit of national interests Ultimately the administration codified the lessons it learned during its first term in the Weinberger Doctrine promulgated by Secretary of Defense Weinberger in a speech on November 28 1984 two weeks after Reagan won reelection in a landslide Yoshitani carefully considers the Weinberger Doctrine's six tests to be applied when considering the use of military force as a tool of statecraft Just as the Reagan administration was forced to dance an intricate step in the early 1980s as it sought to use force as a routine part of statecraft current and future administrations face similar challenges Yoshitani's analysis facilitates a better understanding of the Doctrine and how it might be applied by American national security managers today This corrective to the common wisdom about the Weinberger Doctrine's goals and applicability to contemporary issues will appeal not only to diplomatic and military historians but also to military leaders and general readers concerned about America's decision making concerning the use of force Developments in the Middle East, October 1994 United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Europe and the Middle East, 1994 Distributed to some depository libraries in microfiche *Monthly Catalog of United States Government Publications* ,2003 Armed Forces in the Middle East Thomas Keaney, Barry Rubin, 2013-11-05 An examination of the Middle East's leading armed forces and their role in both military and political affairs The book considers their missions doctrine training equipment and effectiveness as fighting forces **Strategic Assessment** ,1997
