learning practices leadership and systems that have helped schools transform learning How to s and templates for creating a team based professional development program that expands individualized instruction in every classroom Discover new approaches for individual team and whole school professional learning that support personalized learning drawn from schools that are leaders in overcoming challenges and creating opportunities Equity is not an afterthought to high achievement Gleason and Gerzon s new book on outstanding equity driven practice in four very different schools shows that if you want to raise the bar you have to start by narrowing the gap Andy Hargreaves Thomas More Brennan Chair in Education Boston College

Your Curriculum Companion: Libby Woodfin, Suzanne Nathan Plaut, Sarah Boddy Norris, 2021-02-01 This essential guide to the EL Education 6 8 Language Arts Curriculum is one part roadmap to the curriculum one part orientation to its instructional practices and one part coach to answer your questions relieve your stress and put you and your students on the path to success Your Curriculum Companion explores the foundations of the curriculum including the principles and research it was built on and the instructional practices that make it unique The book is designed to help you look under the hood at practices embedded throughout the curriculum so that you can sharpen your instruction support students to be leaders of their own learning and make well informed changes to best meet your students needs Key features of Your Curriculum Companion include Twenty two accompanying videos see the curriculum in action Task cards for guidance on how to plan when the planning has been done for you A deep dive into the purpose and structure of close reading including a sample annotated lesson An exploration of the relationship between reading and writing and how the curriculum is designed to help students become strong communicators including an annotated read think talk write lesson The why what and how of supporting students to meet grade level expectations supporting students who need additional challenges and supporting English language learners Guidance for turning evidence of student progress into usable data that can inform your instruction Support for school leaders

Rigor by Design, Not Chance Karin Hess, 2023-01-18 A practical and systematic approach to deepening student engagement promoting a growth mindset and building a classroom culture that truly supports thinking and learning Every student deserves access to deep and rigorous learning Still some persistent myths about rigor can get in the way such as the belief that it means more or harder work for everyone rather than challenging and advancing students thinking So how can teachers get more clarity on rigor and foster more meaningful learning in their classrooms In Rigor by Design Not Chance veteran educator Karin Hess offers not only a clear vision of what makes learning deep and rigorous but also a systematic and equitable approach for engaging students of all ages in rich learning tasks To that end she outlines five essential teacher moves that foster thinking and learning

- 1 Ask a series of probing questions of increasing complexity
- 2 Build schemas in each content area
- 3 Consider ways to strategically scaffold learning
- 4 Design complex tasks that emphasize transfer and evidence based solutions
- 5 Engage students in metacognition and reflection throughout the learning process

From there Hess details how to create an actionable assessment cycle that

will drive learning forward in any classroom This book offers a treasure trove of strategies student look for behaviors and templates to guide teachers in their work as well as an array of rich performance based assessments to engage and challenge students School leaders and instructional coaches can also benefit from the variety of teacher friendly supports to foster rigorous learning in their schools Ultimately Rigor by Design Not Chance helps educators empower students to take greater ownership of their own learning

Whole-Faculty Study Groups Carlene U. Murphy,Dale W. Lick,2005 This third edition from Murphy and Lick is a superb resource and a must read for all educators involved in the improvement of education It should be in the hands of individuals from the state department of education to the classroom teacher for it speaks to all layers of the system and to the role that each person must play to assure successful learning for all students From the Foreword by Shirley Hord Scholar EmeritaSouthwest Educational Development LaboratoryPlanning is an important thing What Whole Faculty Study Groups has done for us is to ensure that we never forget that implementation is the only thing Jack Ernst SuperintendentSpringfield Public Schools Springfield MOOne of the most successful and exciting approaches to staff development school reform and systemic change in education today Used by hundreds of schools and school districts across the country the Whole Faculty Study Group WFSG System is a student driven holistic process for facilitating major staff development and schoolwide change While providing a step by step methodology for the development and implementation of successful WFSGs this newest edition of Murphy and Lick s groundbreaking bestseller incorporates the most current theoretical concepts on change the latest refinements to change management procedures and a wealth of new experiences from more than two thousand individual study groups Other significant revisions to this edition include Three additional chapters the research foundation for WFSGs how to recognize and understand school culture and fourteen key findings A reorganization of chapters to make the book even more reader friendly New material on timely topics such as learning communities and learning teams An increased focus on assessment of student results Updated sets of resources and illustrations in the appendix WFSGs are a proven way to successfully reform improve and transition schools to meet tomorrow s needs Filled with real world examples and illustrative cases this book provides both the practical knowledge and the theoretical foundation necessary to negotiate the societal organizational and cultural barriers affecting education This new edition is essential for administrators teachers and staff in K 12 schools as well as district level administrators teachers of education and anyone interested in increasing student learning
