**99 Things Women Wish They Knew Before Getting Fit Without the Gym** Sarah Robichaud,2011-07 There is a major health crisis in this country an epidemic of humongous proportions Currently more than 1 billion adults are overweight and at least 300 million of overweight people are clinically obese Obesity accounts for 2% to 6% of total health care costs in several developed countries it has been recently reported that obesity related diseases are killing more people than smoking The situation is out of control Children are obese and falling ill to diseases related to their weight We are dying earlier with more illness and injury then we have ever seen in history but we have the best medical treatment and a plethora of diet and fitness gadgets and food on the grocery shelves We are harming ourselves This epidemic is happening because we have lost our way in the pursuit of good health In our society of instant gratification

we have forgotten how to walk to the store or down the hall to talk to a co worker We are an online nation We seem to do all our business on our laptops phones and in our cars We don t even need to go to the store to buy milk It can all be delivered to our door with the click of a button We never actually need to get off our derrieres We have everything we want at our fingertips Well everything except good health And really isn t that the most important thing of all All the material possessions in the world really don t mean anything if we don t have our health to be able to enjoy it How did we get here We forgot how to walk stretch and move Our bodies are meant to be in motion Look back in history to the hunter gatherer days The men went out to hunt for enough food to sustain their strength for the hunt and feed their families Women had it no easier working the fields taking care of the children and running the villages Some things never change There wasn t much time for anyone to sit around which is probably why Facebook didn t come until much later Our ancestors ate slept and moved in perfect balance to promote a long healthy life Flash forward a few thousand years and we sit We sit at work we sit in our cars and we sit at home on the couch Our bodies have atrophied our muscles are weak our complexions sallow and our energy stays perpetually on empty
