Harley,G. Wickham,2014-07-22 Battered and bruised by injuries often self inflicted sustained in the first half of the twentieth century since 1950 sociology in Australia has fought its way back into the academic mainstream This has not been easy its fortunes seem forever mixed good in some places and dismal in others But it has proved itself resilient it is a survivor A Historical Account of Danish Sociology Kristoffer Kropp,2016-04-29 This book provides the first English language account of the history of Danish sociology examining it from the late 19th century to the present day Focusing on the discipline s struggle for recognition in Denmark it is a case study of how sociological knowledge has entered into ever changing coalitions with welfare state bureaucracies *Sociology in Austria since 1945* C. Fleck,2015-12-03 Sociology in Austria has been frequently affected by political developments in the country This first history of sociology in Austria examines the impact of the break up of the Habsburg Empire and of two consecutive dictatorships which destroyed academic freedom by means of forced migration and imprisonment Even after 1945 the re established Second Republic did not dismiss professors promoted during the Nazi period and failed to invite exiled academics to return home The author argues that the result has been a continuation of favouritism and conformism with compliance to political regimes sanctioned at the expense of meritocracy and that in the light of this chequered past we should celebrate instances of de institutionalization *Sociology in France after 1945* P. Masson,C. Schrecker,2016-04-29 Tracing the evolution of French sociology from the early twentieth century to the present day this insightful book brings to the fore the renowned origins but relatively slow development of the discipline in France Divided into four chronological sections it focuses on the social changes and institutional transformations that have impacted on the history of sociology in France as it relates to both higher education and research In doing so it draws attention to three major features of French sociology the imbalance between theory and method caused by its philosophical roots the difficulty of locating it in relation to other disciplines and the close links between sociology and political thought and action *Sociology in Sweden* Anna Larsson,Sanja Magdaleni?,2016-01-03 This book offers a brief but comprehensive overview of the history of sociology in Sweden from the prewar period to the present day It focuses in particular on scientific boundaries gender and the relationship between sociology and the Swedish welfare state Portuguese Sociology Filipe Carreira da Silva,2016-02-17 Sociology in Portugal provides the first English language account of the history of sociology in Portugal from 1945 to the present day Banned by the fascist regime until 1974 the institutionalization of sociology as an academic discipline came relatively late Understanding academic disciplines as institutionalized struggles over meaning Filipe Carreira da Silva gives a genealogy of

sociology in Portugal from its origins in the political administrative interstices of a dictatorship through the cyclopean moment of the political revolution of April 1974 which brought about its swift institutionalization and subsequent consolidation in the new democratic regime to the challenges posed by internationalization since the 1990s Attempts to define Portugal itself he demonstrates have been at the heart of these struggles Analyzing agents institutions contexts instruments and ideas Carreira da Silva shows in fascinating detail how the sociological understanding of Portugal evolved from that of a developing society in the 1960s to that of a modernizing European social formation in the 1980s to the post colonial or post imperial Portugal of today *Sociology in Ireland* B.
