Michael Burleigh

Blood And Rage A Cultural History Of Terrorism:

Blood and Rage Michael Burleigh, 2010-03-09 In this sweeping and deeply penetrating work distinguished historian Michael Burleigh explores the nature of terrorism from its origins in the West to the current global threat fueled by fundamentalists Burleigh takes us from the roots of terrorism in the Irish Republican Brotherhood the Russian Nihilists and the London based anarchists of Black International to the various terrorist campaigns that exist today He also explores the lives of people engaged in careers of political violence and those who are most affected by the scourge of terrorism Authoritative illuminating and masterfully written Blood and Rage sheds an unflinching light on the global threat that we are likely to face for decades to come

Blood & Rage Michael Burleigh, 2024-03-19 In this sweeping and deeply penetrating work distinguished historian Michael Burleigh explores the nature of terrorism from its origins in the West to the current global threat fueled by fundamentalists Burleigh takes us from the roots of terrorism in the Irish Republican Brotherhood the Russian Nihilists and the London based anarchists of Black International to the various terrorist campaigns that exist today He also explores the lives of people engaged in careers of political violence and those who are most affected by the scourge of terrorism Authoritative illuminating and masterfully written Blood and Rage sheds an unflinching light on the global threat that we are likely to face for decades to come

The Routledge History of Terrorism Randall D. Law, 2015-03-27 Though the history of terrorism stretches back to the ancient world today it is often understood as a recent development Comprehensive enough to serve as a survey for students or newcomers to the field yet with enough depth to engage the specialist The Routledge History of Terrorism is the first single volume authoritative reference text to place terrorism firmly into its historical context Terrorism is a transnational phenomenon with a convoluted history that defies easy periodization and narrative treatment Over the course of 32 chapters experts in the field analyze its historical significance and explore how and why terrorism emerged as a set of distinct strategies tactics and mindsets across time and space Chapters address not only familiar topics such as the Northern Irish Troubles the Palestine Liberation Organization international terrorism and the rise of al Qaeda but also lesser explored issues such as American racial terrorism state terror and terrorism in the Middle Ages tyrannicide from Ancient Greece and Rome to the seventeenth century the roots of Islamist violence the urban guerrilla terrorism and state terror in Latin America literary treatments of terrorism With an introduction by the editor explaining the book's rationale and organization as well as a guide to the definition of terrorism an historiographical chapter analysing the historical approach to terrorism studies and an eight chapter section that explores critical themes in the history of terrorism this book is essential reading for all those interested in the past present and future of terrorism

Transforming Violent Political Movements Kevin E. Grisham, 2014-03-21 This book explores the factors that influence violent rebellious political organisations to transform into other entities such as political parties criminal organisations and terrorist organisations From the end of the Second World War until 1990 many events in the world centred on the bipolar struggle between the United

States and the USSR Although there were numerous civil wars occurring during the Cold War era many of these conflicts went virtually unnoticed unless they were linked to the Cold War struggle for ideological dominance In the aftermath of the fall of the Soviet Union the number of intra state conflicts was prevalent around the globe Along with the occurrence of civil wars a variety of violent political movements also developed Examining cases from Latin America Africa Europe and Asia this book addresses how violent political movements transform during and after conflict into new types of organisations using the collective political violence transformative CPVT model The study uses a combination of pre existing literature from the fields of sociology and political science archival research and interviews with movement members former and active conducted by the author In studying the Provisional IRA and Sinn F in the Spear of the Nation MK and the African National Congress ANC the Abu Sayyaf Group and the Revolutionary Armed Forces of Colombia FARC EP Transforming Violent Political Movements paints a picture of organisations that have to respond to their environments to survive This book will be of much interest to students of political violence terrorism war and conflict studies security studies and IR **Terror and War** Kieran

Jackel,2021-06-01 Terror and War provides the reader with contemporary insights into military strategy radicalisation and the challenges associated with countering the rising influence of terrorism Twenty Essays is a cautionary and timely collection of works given the current intra state and domestic tensions present within the world The author has seen operational service on several occasions through Southern Asia the Middle East and domestically all of which centred on countering terrorism This lived experience provides the reader with unique perspectives that complement the analysis of counter terrorism theory and military thinking The outcome is an immersive and sobering reflection on the challenges facing policy makers and society more broadly A Genealogy of Terrorism Joseph McQuade,2021 Using India as a case study Joseph McQuade traces the genealogy of the political and legal category of terrorism He demonstrates how the modern concept of terrorism was shaped by colonial emergency laws dating back into the nineteenth and early twentieth centuries

A History of the Laws of War: Volume 2 Alexander Gillespie,2011-10-07 This unique new work of reference traces the origins of the modern laws of warfare from the earliest times to the present day Relying on written records from as far back as 2400 BCE and using sources ranging from the Bible to Security Council Resolutions the author pieces together the history of a subject which is almost as old as civilisation itself The author shows that as long as humanity has been waging wars it has also been trying to find ways of legitimising different forms of combatants and ascribing rules to them protecting civilians who are either inadvertently or intentionally caught up between them and controlling the use of particular classes of weapons that may be used in times of conflict Thus it is that this work is divided into three substantial parts Volume 1 on the laws affecting combatants and captives Volume 2 on civilians and Volume 3 on the law of arms control This second book on civilians examines four different topics The first topic deals with the targetting of civilians in times of war This discussion is one which has been largely governed by the developments of technologies which have allowed projectiles to be discharged

over ever greater areas and attempts to prevent their indiscriminate utilisation have struggled to keep pace The second topic concerns the destruction of the natural environment with particular regard to the utilisation of starvation as a method of warfare and unlike the first topic this one has rarely changed over thousands of years although contemporary practices are beginning to represent a clear break from tradition The third topic is concerned with the long standing problems of civilians under the occupation of opposing military forces where the practices of genocide collective punishments and or reprisals and rape have occurred The final topic in this volume is about the theft or destruction of the property of the enemy in terms of either pillage or the intentional devastation of the cultural property of the opposition As a work of reference this set of three books is unrivalled and will be of immense benefit to scholars and practitioners researching and advising on the laws of warfare It also tells a story which throws fascinating new light on the history of international law and on the history of warfare itself

Encyclopedia of Terrorism Peter Chalk, 2012-11-21 A valuable up to date reference tool for understanding the latest developments in national and international terrorism one of the most pressing security challenges facing the world today Terrorism has emerged as one of the main foreign and national policy challenges of the 21st century Encyclopedia of Terrorism provides comprehensive coverage of the events individuals groups incidents and trends in terrorism in the modern era This essential work presents accurate concise and crucial information on developments since the watershed events of September 11 2001 providing readers with an invaluable reference tool for understanding major developments that have occurred in domestic and international terrorism The work is fully cross referenced to provide a comprehensive research tool for high school students academics security analysts and other readers interested in the study of terrorism

World Terrorism: An Encyclopedia of Political Violence from Ancient Times to the Post-9/11 Era James Ciment, 2015-03-10 First Published in 2015 This collection holds three volumes Terrorism is a term that defies easy definition and its meaning has also changed over the course of history Because this encyclopedia aims at comprehensiveness across time geography and the conceptual landscape it applies the broadest definition of terrorism the use of violence or the threat of violence to effect political change through fear in which the victims of the violence The encyclopedia is divided into six parts

An Introduction to War Studies Michael S. Goodman, Rachel Kerr, Matthew Moran, 2024-02-12 Commemorating 60 years of War Studies at King's College London this incisive and adroitly crafted book acts as a comprehensive introduction to the multidisciplinary field of war conflict and security Adopting a global approach it adeptly navigates a broad spectrum of themes and theoretical perspectives which lie at the heart of this important area of study
