The Black Experience in Design Anne H. Berry, Kareem Collie, Penina Acayo Laker, Lesley-Ann Noel, Jennifer Rittner, Kelly Walters, 2022-02-01 The Black Experience in Design spotlights teaching practices, research stories and conversations from a Black African diasporic lens. Excluded from traditional design history and educational canons that heavily favor European

modernist influences the work and experiences of Black designers have been systematically overlooked in the profession for decades. However, given the national focus on diversity, equity, and inclusion in the aftermath of the nationwide Black Lives Matter protests in the United States, educators, practitioners, and students now have the opportunity, as well as the social and political momentum, to make long-term systemic changes in design education, research, and practice, reclaiming the contributions of Black designers in the process. *The Black Experience in Design*, an anthology centering a range of perspectives, spotlights teaching practices, research stories, and conversations from a Black African diasporic lens. Through the voices represented, this text exemplifies the inherently collaborative and multidisciplinary nature of design, providing access to ideas and topics for a variety of audiences, meeting people as they are and wherever they are in their knowledge about design. Ultimately, *The Black Experience in Design* serves as both inspiration and a catalyst for the next generation of creative minds tasked with imagining, shaping, and designing our future.
