Blowing The Whistle Dissent In The Public Interest

N Colangelo

Blowing The Whistle Dissent In The Public Interest:

Blowing the Whistle Marcia P. Miceli, Janet P. Near, 1992-01-01 An all inclusive resource for companies and individuals
Crisis of Conscience Tom Mueller, 2019 We are living in a time of mind boggling corruption but we are also living in a golden age of whistleblowing Over the past two decades whistleblowers have emerged as both the government's best weapon against corporate misconduct and the citizenry's best defence against government Drawing on relentless original research including in depth interviews with more than 200 whistleblowers Crisis of Conscience is a modern day David and Goliath saga told through a series of riveting cases drawn from Big Pharma the military and beyond

Whistleblowing and Organizational Social Responsibility Wim Vandekerckhove, 2016-02-11 Establishing a policy and building a culture that helps to protect organizations from financial wrongdoing criminal or civil liability and permanent damage to corporate reputation has become a central theme of contemporary corporate policies towards whistleblowing This book is amongst the first to provide a detailed and full length analysis of the meaning and various justifications of whistleblowing policies While the legitimization of organizational whistleblowing suggests an adaptation of organizations to public opinion this book examines the wider legitimization whistleblowing policies have been given considering whether the establishment of policies genuinely leads to the implicit institutionalization of whistleblowing itself The book's particular focus is upon what kinds of whistleblowing societies and organizations actually want and whether policies developed as a result meet expectations

Whistleblowing Nation Kaeten Mistry, Hannah Gurman, 2020-03-31 The twenty first century witnessed a new age of whistleblowing in the United States Disclosures by Chelsea Manning Edward Snowden and others have stoked heated public debates about the ethics of exposing institutional secrets with roots in a longer history of state insiders revealing privileged information Bringing together contributors from a range of disciplines to consider political legal and cultural dimensions Whistleblowing Nation is a pathbreaking history of national security disclosures and state secrecy from World War I to the present The contributors explore the complex politics motives and ideologies behind the revelation of state secrets that threaten the status quo challenging reductive characterizations of whistleblowers as heroes or traitors They examine the dynamics of state retaliation political backlash and civic contests over the legitimacy and significance of the exposure and the whistleblower The volume considers the growing power of the executive branch and its consequences for First Amendment rights the protection and prosecution of whistleblowers and the rise of vast classification and censorship regimes within the national security state Featuring analyses from leading historians literary scholars legal experts and political scientists Whistleblowing Nation sheds new light on the tension of secrecy and transparency security and civil liberties and the politics of truth and falsehood

Whistleblower Protection by the Council of Europe, the European Court of Human Rights and the European Union Hava Charlotte Lan Yurttagül, 2021-06-26 First introduced in the United States whistleblower laws have become increasingly popular around the world This book illustrates the regional efforts undertaken by European

organizations to promote whistleblower protection in Europe To provide context the first part of the book presents an overview of the international best practices for whistleblowing legislation and explores the status of whistleblower under international law It also assesses the global hot topics regarding whistleblowing from the cases of Edward Snowden and Julian Assange to the silencing of whistleblowers during the COVID 19 pandemic The following parts focus on the European approach to whistleblower laws It illustrates the influence of the Council of Europe in putting whistleblower protection on the European agenda and discusses the European Court of Human Rights case law on whistleblowing under Article 10 of the European Convention on Human Rights In the final part the author analyzes the evolution of the European Union s approach to whistleblowing and the legal significance of the EU Whistleblower Directive adopted in 2019 In the respective parts the author also examines the effectiveness of the international organizations own internal rules on whistleblowing from the United Nations and the World Bank Group to the Council of Europe and the European Union

The Successes and Failures of Whistleblower Laws Robert G. Vaughn, 2012-01-01 A new roadmap for understanding the diverse perspectives and disparate bodies of law involved in any legal regime aimed at encouraging people in organisations to speak up about wrongdoing making it possible for them to do so and supporting and protecting them when they do More than just a rich and readable history of whistleblowing laws in the USA and around the world Steeped in Robert Vaughn s personal experience as a lawyer and researcher over a 40 year period this book stands to help solve some of the greatest conundrums in this vital area of legal regulation one of the most complex in modern society but one of the most crucial to integrity accountability and organisational justice in all institutions Compulsory reading for all policymakers regulators corporate leaders researchers and activists engaged in improvement and implementation of public interest whistleblowing laws A J Brown Griffith University and Transparency International Australia Unlike other books on whistleblowing that simply describe and analyze whistleblowing laws Robert Vaughn s new book provides an in depth and unique historical account of the roots of the whistleblowing movement in such disparate events as the Mai Lai massacre the civil rights movement and the experiments of Stanley Milgram As important he then uses that history to illuminate the competing perspectives and pressures that influenced the passage and interpretation of modern whistleblower laws Vaughn provides a first rate account of the varied and complex reasons for the successes and failures of these laws during the last forty years Richard Moberly University of Nebraska College of Law US Drawing on literature from several disciplines this enlightening book examines the history of whistleblower laws throughout the world and provides an analytical structure for the most common debates about the nature of such laws and their potential successes and failures The author explores the relationship between the actions of whistleblowers and the character of laws protecting them as well as their administration and enforcement The book considers the role of civil society groups in the successes of whistleblower laws and how current controversies reflect issues attached to these laws over half a century This study contains perspectives from which successes and failures can be

evaluated and will appeal to policy makers scholars whistleblower advocacy and other civil society groups as well as anyone with a general interest in the subject *The Professional Psychologist's Handbook* Bruce D. Sales, 2013-06-29

Whistleblowing Roberta Ann Johnson, 2003 An exploration of when and how and to what effect people make the choice to blow the whistle Case studies from the tobacco industry to NASA to the FDA illustrate how individual efforts can and do transform institutions shape public policy and serve as a force for democratization **International Handbook on**

Whistleblowing Research A J Brown, D Lewis, R Moberly, W Vandekerckhove, 2014-08-29 Featuring contributions from scholars and policy practitioners in a number of diverse fields _ including sociology political science psychology information systems media studies business management criminology public policy and several branches *Kindred Strangers* David Vogel, 2016-10-18 Notwithstanding the myriad forms of government assistance to American business the relationship of business to politics in the United States remains a highly antagonistic one characterized by substantial mutual distrust This adversarial relationship is both reflected and reinforced not only in American business ideology but also in America's unique legalistic and confrontational style of regulation the political strategies of the public interest movement the American approach to American industrial policy and the distinctive way Americans think about the subject of business ethics This volume brings together more than two decades of scholarship on business and politics by one of the leading authorities on this subject These essays also explore a number of critical contemporary issues including the ongoing debate over the scope and extent of business power in America the growth of shareholder protests and consumer boycotts the changing politics of consumer and environmental regulation and the emergence of both public and business interest in business ethics In addition they place the contemporary dynamics of American business government relations in both an historical and comparative context Finally these essays demonstrate the importance of integrating the study of business by political scientists with the study of politics by students of management Originally published in 1996 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Right here, we have countless books **Blowing The Whistle Dissent In The Public Interest** and collections to check out.
