unstressed syllables followed by one stressed A good example of Anapest is the phrase in the END Last of the types of meter is the Spondee A spondee is made up of two stressed syllables The Earth is a good example of this In other words the College Board wants to see you write effectively This is the 1 buzzword in all College Board documents students who score an 8 or a 9 are rated as effective whereas students who score a 6 or a 7 are considered adequate 5s are generally limited uneven or inconsistent according to the College Board 3s and 4s are inadequate 1s and 2s have little success and 0s are completely off topic Understanding the scoring criteria is extremely important because it will help you to evaluate yourself both when practicing and when taking the actual test Tags AP English Literature AP English Literature and Composition AP Language AP English Literature study guide AP English Literature review and study guide Learnerator **NORTON GUIDE TO AP LITERATURE** MELISSA.
