Beyond Tolerance Gustav Niebuhr, 2009 **Beyond Tolerance** Gustav Niebuhr, 2008-07-31 At a time when religious conflict and violence seem to dominate the media distinguished religion journalist Gustav Niebuhr set off across America to find people who are building not burning the bridges between faiths As he travels across the country from Queens and Baltimore to Louisville and Los Angeles he finds Buddhists Catholics Jews Baptists Muslims and Episcopalians reaching out to one another to find common ground between their faiths This insightful and deeply felt exploration of the nature of community and religion is a tribute to their efforts and a boost of much needed optimism that reminds all Americans of their common goals no matter their faith *Why Religions Work* Eleanor Stoneham, 2012-11-16 A free thinking scientific Christian author rebukes militant atheists defends all religions and offers refreshingly new ideas for building religious tolerance **The Interfaith Movement** John Fahy, Jan-Jonathan Bock, 2019-09-05 Although its beginnings can be traced back to the late 19th century the interfaith movement has only recently begun to attract mainstream attention with governments religious leaders and grassroots activists around the world increasingly turning to interfaith dialogue and collective action to address the challenges posed and explore the opportunities presented by religious diversity in a globalising world This volume explores the history and development of the interfaith movement by engaging with new theoretical perspectives and a diverse range of case studies from around the world The first book to bring together experts in the fields of religion politics and social movement theory to offer an in depth social analysis of the interfaith movement it not only sheds new light on the movement itself but challenges the longstanding academic division of labour that confines religious and social movements to separate spheres of inquiry **Remembering Faithfully Forward** Barry K. Sutherland, 2024-12-26 This book examines the understudied role of the interfaith movement in institutionalizing religious pluralism in the public life of contemporary societies through the case study of Interfaith Scotland It analyzes the organization and their literature demonstrating the ways in which they have cultivated a particular model of religious pluralism compatible with a secular civic cultural nationalism It places this case into a comparative discussion of the interfaith movement as an emerging global phenomenon In this case study the author considers how Interfaith Scotland presents religions as equivalent compatible bodies of ethical teachings through selective appeals to textual traditions or in

some cases their construction It has also depended on conforming to the world religions paradigm where it is only religions with global reach and cohesive characteristics which require representation Liam Sutherland discusses how Interfaith Scotland encouraged a common seemingly apolitical attachment to Scotland s democratic institutions and cultural heritage especially in relation to the question of independence This case study sheds light on the wider relationship between the global interfaith movement and nationalism both in protecting religions against prejudice and exclusion but also pursuing integrationist goals
