Between War And Peace:

Ukraine Between War and Peace Jacques Baud, 2023-07-04 Has the US strategy in Ukraine reached an impasse What is the Russian conduct of military operations When will the Ukrainian counter offensive take place Does Western weaponry really make a difference in Ukraine Who are the winners of this war What changes in the world are we witnessing since February 24 2022 What is the reality of the losses on the Ukrainian and Russian sides Can Western industry compete with Russian industry in Ukraine Why is a negotiated solution not being sought How is our perception of the conflict serving Ukraine To answer these questions and many others Jacques Baud relies on information from Western intelligence services and American documents that were leaked in April 2023 After the best sellers Putin Game Master and Operation Z both works praised world wide Baud returns to the war in Ukraine by analyzing the facts and nothing but the facts Whether one is for or against the position of Ukraine one must nevertheless deal with the field of operations and to analyze what is happening there This is the only way to find a path to peace because peace will not come by relying on illusions Jacques Baud was a member of the Swiss strategic intelligence a specialist in Eastern European countries and a former head of the United Nations peace operations doctrine In NATO he was involved in programs in Ukraine including after the Mayan revolution in 2014 and 2017 In addition to his major works on the conflict in Ukraine he is the author of several books on intelligence war and terrorism including Governing by Fake News Defeating Jihadist Terrorism and The Navalny Affair all published by Max Milo

Lynn-Jones,Steven E. Miller,1998-09-15 New approaches to understanding war and peace in the changing international system What causes war How can wars be prevented Scholars and policymakers have sought the answers to these questions for centuries Although wars continue to occur recent scholarship has made progress toward developing more sophisticated and perhaps more useful theories on the causes and prevention of war This volume includes essays by leading scholars on contemporary approaches to understanding war and peace The essays include expositions analyses and critiques of some of the more prominent and enduring explanations of war Several authors discuss realist theories of war which focus on the distribution of power and the potential for offensive war Others examine the prominent hypothesis that the spread of democracy will usher in an era of peace In light of the apparent increase in nationalism and ethnic conflict several authors present hypotheses on how nationalism causes war and how such wars can be controlled Contributors also engage in a vigorous debate on whether international institutions can promote peace In a section on war and peace in the changing international system several authors consider whether rising levels of international economic independence and environmental scarcity will influence the likelihood of war War and Peace Charles Habib Malik,1950

War and Peace in Europe 1815-1870 E. L. Woodward, 2019-05-23 Published in 1963 The three essays bound together in this book are based upon lectures given by the author as a University Lecturer in Modern History at Oxford The Lectures were not intended as a substitute for the excellent textbooks of modern European history published in recent years The choice of subject and more of treatment were determined by the questions of students and others attempting to find in this history of modern Europe something more than a chronicle of events a list of dates and names a catalogue of political and constitutional changes
