An Appeal of a Colored Man, to His Fellow-Citizens of a Fairer Hue, in the United States (Classic Reprint) Samuel Harrison, 2015-07-08 Excerpt from An Appeal of a Colored Man to His Fellow Citizens of a Fairer Hue in the United States This appeal is addressed to my fellow citizens of the United States because the subject matter of the appeal directly concerns them for nowhere else in the world is such an appeal necessary The conventional rules of society are nowhere else so rigid as in the United States of America Color here is a barrier to every calling except the most menial and humble Hence we appeal to those who can correct or at least help to correct the matter of which we complain and thus bring about results which will be advantageous to those to whom I address myself as well as for those for whom this appeal is made It is a fact that cannot be ignored however much men may be disposed to that the colored man labors under difficulties and burdens which no other people do It is true that he has been emancipated It is true that he has been enfranchised The one was the result of military necessity unavoidably The other was the needs of the government to help maintain its power over the disloyal States About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works [The First Reconstruction](#) Van Gosse, 2021-01-05 It may be difficult to imagine that a consequential black electoral politics evolved in the United States before the Civil War for as of 1860 the overwhelming majority of African Americans remained in bondage Yet free black men many of them escaped slaves steadily increased their influence in electoral politics over the course of the early American republic Despite efforts to disfranchise them black men voted across much of the North sometimes in numbers sufficient to swing elections In this meticulously researched book Van Gosse offers a sweeping reappraisal of the formative era of American democracy from the Constitution's ratification through Abraham Lincoln's election chronicling the rise of an organized visible black politics focused on the quest for citizenship the vote and power within the free states Full of untold stories and thorough examinations of political battles this book traces a First Reconstruction of black political activism following emancipation in the North From Portland Maine and New Bedford Massachusetts to Brooklyn and Cleveland black men operated as voting blocs denouncing the notion that skin color could define citizenship *William Cooper Nell, Nineteenth-century African American Abolitionist, Historian, Integrationist* William Cooper Nell, 2002 For the first time a biography of William Cooper Nell and a major portion of his articles for The Liberator The National Anti Slavery Standard and The North Star have been published in a single volume The book is the first to document the life and works of Nell and includes correspondence with many noted abolitionists such as Wendell
