abduction controversy Abductees very often report being followed and spied upon by military and government personnel It is typical for abductees to see black helicopters hovering directly over their homes in an intimidating manner Phone calls are monitored Emails are hacked into Strange men dressed in black suits are seen photographing the homes of the abductees All of this brings us to the matter of what have become known in the domain of alien abduction research as Military Abductions or MILABS According to numerous abductees after being kidnapped by aliens they are kidnapped again by the government These follow up events are the work of a powerful group hidden deep within the military and the intelligence community It is the secret agenda of this highly classified organization to figure out what the so called Grays are really up to And the best way for the government to get the answers is to interrogate those who have come face to face with the UFO phenomenon the abductees Why is the government secretly compiling files on alien abductees Is the alien abduction issue so sinister that it has become a matter of national security proportions *Conspiracy Theories in American History* Peter Knight,2003-12-11

The alien abduction phenomenon is one of the enduring enigmas of our time While the reality of alien abductions is a hotly debated topic among UFO researchers scientists skeptics and true believers alike the phenomenon indisputably exists as an artifact of popular culture This book analyzes more than 75 films that draw their inspiration from allegedly fact based accounts of alien contact from 1951 s *The Man from Planet X* to *Contactee* in 2021 These films are examined in terms of both their cinematic qualities and their exploration of thematic elements derived from abduction reports Abduction motifs that appear in science fiction classics such as *The Day the Earth Stood Still* 2001 and *Close Encounters* are analyzed as well as those in lesser known films like *The Stranger Within* *Starship Invasions* *Dark Skies* and *Proximity* Special attention is given to movies based on the famed experiences of abductees Betty and Barney Hill Whitley Strieber and Travis Walton The book also addresses skeptical theories about the origins of the phenomenon in science fiction and examines an uncanny prescience that appears to anticipate these inexplicable occurrences **True Stories of Alien**
