Beyond Foundationalism Beyond Foundationalism:

Beyond Foundationalism Stanley James Grenz, John R. Franke, 2001-01-01 Grenz and Franke provide a methodological approach for doing theology in the postmodern world. They call for a theological method that moves beyond the Enlightenment way of ordering and understanding information. Foundationalism. They propose a theological method that takes seriously the Spirit tradition and contemporary culture while stressing trinitarian structure, community, and eschatology.

Beyond Foundationalism Stanley James Grenz, 2002 *Beyond Evangelicalism* Steven Knowles, 2016-12-05 A prolific author and thinker Stanley J. Grenz was a respected and influential figure not only within evangelicalism but in the wider theological world. Amongst the many issues tackled by him, it is perhaps his revisioning of evangelical theology in the light of the postmodern challenge that has caused the biggest stir in the theological world. Advocating a nonfoundationalist methodology, Grenz attempts to reposition evangelical theology in line with postmodern concerns. This work examines the main traits of postmodern thought that would seem to directly challenge how evangelical theology is traditionally done. An examination of the seminal influences on Grenz will be traced in order to understand more fully the position he takes. A rigorous critique and assessment of his theological methodology will follow, with the conclusion that his work goes beyond evangelicalism. This will be the first book-length treatment on Grenz's work on theological methodology and therefore will break new ground in this important area of study. *Beyond Foundationalism* S. A. Crook, 1984 **Revisioning,**

Renewing, Rediscovering the Triune Center Derek J. Tidball, Brian S. Harris, Dr. Jason S. Sexton, 2014-11-10 An international cast of theologians come together in this volume to offer essays in tribute to the late Stanley J. Grenz, one of the leading theologians of his generation. Accordingly, the volume includes timely explorations in some of the most exciting areas in contemporary theology. It is only fitting that these very explorations revolve around the key motifs of Grenz's theology: Trinity, community, eschatology, and the key sources from which he drew for theology's construction: Scripture, tradition, culture. While engaging key features seen in Grenz's work, some of the essays here interact with Grenz's own writings, reflecting on his theological journey and his contributions to evangelical theology. In these ways, this volume highlights the kind of evangelical theology that so many have experienced in recent years and of which Stan Grenz was a leading proponent. *Revisioning, Renewing, Rediscovering the Triune Center* then makes a significant contribution to discussions in contemporary theology while itself setting out to honor the life and work of an eminent theologian who did so much for evangelical theology.

A Postfoundationalist Comparative Christology David Muthukumar Sivasubramanian, 2022-03-28 Interreligious relationships are often hindered by epistemic disparity caused by the nexus between religions and state powers. To solve this problem, David Muthukumar Sivasubramanian develops a postfoundationalist epistemological framework to affirm the epistemic parity and plurality of religions while upholding their particularity and universality. Building on this postfoundationalist epistemology, a comparative Christology paradigm that uses insights from the extant comparative

theology method is reformulated with a Christological focus This model seeks to affirm the exclusive faith assertions of Christianity and the corresponding universal claims for Christ It also sustains the particular religious identity of a comparative theologian over against any compulsion to assume hybrid identity in the interreligious cross learning This comparative Christology framework is exhibited through cross learning with the Tamil Saiva Siddhanta tradition This method is shown to affirm not only the particularity and universality of Christianity but also of the Tamil Saiva Siddhanta tradition by defining each religion's attempt at their revealed truth as a parallel quest for truth Thus it facilitates dialogue across religions by securing one's self identity and the other's alterity

Reclaiming the Center Millard J. Erickson, Paul Kjos Helseth, Justin Taylor, 2004-11-09 Reclaiming the Center is a valuable contribution to the study of contemporary evangelicalism It is a guide for how evangelicals can move forward with wisdom and discernment without succumbing to the spirit of this age

[Theology in Search of Foundations](#) Randal Rauser, 2009-08-20 A pithy account of theological rationality justification and knowledge that avoids the twin pitfalls of modern rationalism and postmodern irrationalism This lively and accessible survey debates with the ideas of key theological and philosophical thinkers past and present providing a fresh understanding of theology as a discipline

Revitalizing Theological Epistemology Steven B Sherman, 2010-03-25 In

Revitalizing Theological Epistemology Steven B Sherman addresses questions about what evangelical theology ought to be doing in light of the changing cultural situation He wonders if the Christian faith should continue to be presented and defended mainly according to Enlightenment principles when growing criticism of modern thought is affecting virtually every discipline and if evangelicalism and its intellectual leaders ought to wait it out or whether they should re vision their theology This book is about contemporary evangelical approaches to the knowledge of God considering and suggesting ways Christian philosophers and theologians envision and make use of theological knowledge in the postmodern context
