Jung, 2014-12-18 In *The Undiscovered Self* Jung explains the essence of his teaching for a readership unfamiliar with his ideas He highlights the importance of individual responsibility and freedom in the context of today's mass society and argues that individuals must organize themselves as effectively as the organized mass if they are to resist joining it To help them achieve this he sets out his influential programme for achieving self understanding and self realization *The Undiscovered Self* is a book that will awaken many individuals to the new life of the self that Jung visualized

anthropologie remettent en question les pr suppositions offrent un contexte historico culturel professionnel et font appel des donn es primaires Les collaborateurs soutiennent que le toucher sain et non sexuel n est pas suffisamment enseign dans le cadre de la formation professionnelle Cette absence de dialogue engendr e par la crainte de d passer des bornes thiques fait en sorte qu une discussion ouverte et responsable sur l utilisation du toucher dans un cadre th rapeutique ne peut avoir lieu alors m me qu elle contribuerait aux balises th oriques de notre compr hension de cet enjeu fondamental Ce livre est publi en anglais

Possibility of Interreligious Dialogue Michael H. Mitias, 2021-04-22 Is dialogue between the major religions of the world possible If it is possible under what conditions In this book Michael H Mitias argues that it is possible provided various conditions are met These conditions include mutual respect mutual understanding and God centeredness First how can a religion that is unusually complex composed of a doctrine founded in a unique divine revelation a leadership class of theologians teachers clergy and administrators and a community across global cultures show uniform respect to another religion How can a complex institution like a religion truly understand another religion Third can the different religions worship the same God if their conceptions of God are based on their unique doctrines Mitias addresses these questions and argues that it is possible for religions to respect and understand one another Further he argues that the different conceptions of God are necessarily founded in a belief in the existence of a transcendent infinite and wise being
