Beyond Colonialism Development And Globalization:

Beyond Colonialism, Development and Globalization Dominique Caouette, Dip Kapoor, 2015-12-15 Development studies is in a state of flux A new generation of scholars has come to reject what was once regarded as accepted wisdom and increasingly regard development and globalization as part of a continuum with colonialism premised on the same reductionist assumption that progress and growth are objective facts that can be fostered measured assessed and controlled Drawing on a variety of theoretical perspectives and approaches this book explores the ways in which social movements in the Global South are rejecting Western centric notions of development and modernization as well as creating their own alternatives By assessing development theories from the perspective of subaltern groups and movements the contributors posit a new notion of development from below one in which these movements provide new ways of imagining social transformation and a way out of the developmental dead end that has so far characterized post development approaches Beyond Colonialism Development and Globalization therefore represents a radical break with the prevailing narrative of modernization and points to a bold new direction for development studies *Beyond Colonialism, Development and Globalisation* Dominique Caouette, Dip Kapoor, *Beyond Colonialism, Development and Globalization* Dominique Caouette, Dip Kapoor, 2015-12-15 Development studies is in a state of flux A new generation of scholars has come to reject what was once regarded as accepted wisdom and increasingly regard development and globalization as part of a continuum with colonialism premised on the same reductionist assumption that progress and growth are objective facts that can be fostered measured assessed and controlled Drawing on a variety of theoretical perspectives and approaches this book explores the ways in which social movements in the Global South are rejecting Western centric notions of development and modernization as well as creating their own alternatives By assessing development theories from the perspective of subaltern groups and movements the contributors posit a new notion of development from below one in which these movements provide new ways of imagining social transformation and a way out of the developmental dead end that has so far characterized post development approaches Beyond Colonialism Development and Globalization therefore represents a radical break with the prevailing narrative of modernization and points to a bold new direction for development studies

Global Rights? Nehal Bhuta, Rodrigo Vallejo, 2024-10-20 What is the place of human rights law within global governance How can we safeguard human rights in various sites of global governance What is the role of the state non state actors and global governance institutions in all this Global Rights Human Rights in Complex Governance interrogates how human rights and global governance interact with various sub fields of international and transnational regulation to answer these foundational questions The volume offers a detailed exploration of the role of human rights in global governance contexts such as the sovereign debt regime global value chains development assistance international food governance and the laws of war Through an in depth study of several global governance regimes based on diverse theoretical and methodological

approaches this volume challenges the mainstream discourse on the evolution of human rights law and its limits As a result issue areas that are rarely in conversation with each other such as the World Bank s practices and the law on the use of force are examined through a common analytical framework that is both rich and flexible enough to shed new light on individual areas of concern and simultaneously reflect on cross cutting themes Bringing human rights experts together with leading scholars in the law of international organizations public finance corporations and use of force Global Rights thus serves as a contemporary reflection and set of arguments on how to study and productively think about human rights in complex governance settings

Revolutions in Learning and Education from India Christoph Neusiedl,2021-02-15 This book offers an important critique of the ways in which mainstream education contributes to perpetuate an inherently unjust and exploitative Development model Instead the book proposes a new anarchistic postdevelopmental framework that goes beyond Development and schooling to ask what really makes a meaningful life Challenging the notion of Development as a win win relationship between civil society the state and the private sector the book argues that Development perpetuates a hierarchical world order and that the education system serves to reinforce and re legitimise this unequal order Drawing on real life examples of unschooling and self designed learning in India the book demonstrates that more autonomous approaches such as these can help to fundamentally challenge dominant ideas of education equality development and what it means to lead meaningful lives The interdisciplinary approach pursued in this book makes it perfect for anyone with interests across the areas of education development studies radical political theory and philosophy

Natural Resource Sovereignty and the Right to Development in Africa Carol Chi Ngang,Serges Djyouou Kamga,2021-08-25 This book explores the nexus between natural resources ownership and the right to development in Africa The right to sovereignty over natural resources and the right to development are recognised and protected in an extensive framework of international regional and domestic instruments They guarantee people s entitlement to fully and freely utilise their natural resources as a means of subsistence and for economic social and cultural development Yet despite the abundance of natural resources in Africa a majority of the people on the continent remain largely impoverished This book articulates the central argument that to achieve the right to development in Africa requires appropriate governance of the continent s natural resources to which the people of Africa are guaranteed sovereign ownership With case study illustrations from Zimbabwe Ghana Ethiopia and the Democratic Republic of Congo chapters explore the normative measures specific guarantees and community entitlements to natural resources for the realisation of the right to development The book will be an invaluable guide to scholars and postgraduate students of Natural Resources Development and African studies as well as policymakers and practitioners in these areas

Against Colonization and Rural Dispossession Dip Kapoor,2017-08-15 Under the guise of development a globalizing capitalism has continued to cause poverty through dispossession and the exploitation of labour across the Global South This process has been met with varied forms of rural resistance by local movements of displaced farm workers small and landless women

peasants and indigenous peoples in South and East Asia the Pacific and Africa who are resisting the forced appropriation of their land the exploitation of labour and the destruction of their ecosystems and ways of life In this provocative new collection engaged scholars and activists combine grounded case studies with both Marxist and anti colonial analyses suggesting that the developmental project is a continuation of the colonial project The authors then demonstrate the ways in which these local struggles have attempted to resist colonization and dispossession in the rural belt thereby contributing essential movement relevant knowledge on these experiences in the Global South A vital addition to the fields of critical development studies political sociology agrarian studies and the anthropology of resistance this book addresses academics and analysts who have either minimized or overlooked local resistances to colonial capital especially in the Asia Pacific and Africa regions

Development and Social Change Philip McMichael, Heloise Weber, 2024-12-09 *Development and Social Change* explores the historical socio political and ecological aspects of development The Eighth Edition critically engages with the concept of development tracing its roots and examining its implications in the contemporary world Authors Philip McMichael and Heloise Weber use case studies and examples to help describe a complex world in transition Students are encouraged to see global development as a contested historical project By showing how development stems from unequal power relationships between and among peoples and states often with planet threatening environmental outcomes it enables readers to reflect on the possibilities for more just social ecological and political relations

Education, Learning and the Transformation of Development Amy Skinner, Matt Baillie Smith, Eleanor Brown, Tobias Troll, 2016-07-15 Whilst education has been widely recognised as a key tool for development this has tended to be limited to the incremental changes that education can bring about within a given development paradigm as opposed to its role in challenging dominant conceptions and practices of development and creating alternatives Through a collection of insightful and provocative chapters this book will examine the role of learning in shaping new discourses and practices of development By drawing on contributions from activists researchers education and development practitioners from around the world this book situates learning within the wider political and cultural economies of development It critically explores if and how learning can shape processes of societal transformation and consequently a new language and practice of development This includes offering critical accounts of popular informal and non formal learning processes as well as the contribution of indigenous knowledges in providing spaces for the co production of knowledge thinking and action on development and in terms of shaping the ways in which citizens engage with and create new understandings of development itself This book makes an important and original contribution by reframing educational practices and processes in relation to broader global struggles for justice voice and development in a rapidly changing development landscape

Decolonizing Colonial Development Models in Africa Fidelis Allen, Luke A. Amadi, 2022-01-17 *Decolonizing Colonial Development Models in Africa* A New Postcolonial Critique confronts colonial development models to decolonize methodologies epistemologies and the history and practice of development in

postcolonial African societies and advocates for Afrocentric alternatives By taking a critical approach and drawing on postcolonial postmodern post developmental and post structural theories the contributors identify and analyze the effects of global inequality racism white supremacy crisis climate change increasing environmental insecurity underdevelopment chronic diseases and the vulnerability of the postcolonial societies of the global South Together the collection calls for and theorizes a new direction of development that incorporates indigenous Afrocentric alternatives
