Emily Gaarder

Animals And Women Animals And Women:

Animals and Women Carol J. Adams, Josephine Donovan, 1995-11-14 *Animals and Women* is a collection of pioneering essays that explores the theoretical connections between feminism and animal defense. Offering a feminist perspective on the status of animals, this unique volume argues persuasively that both the social construction and oppressions of women are inextricably connected to the ways in which we comprehend and abuse other species. Furthermore, it demonstrates that such a focus does not distract from the struggle for women's rights but rather contributes to it. This wide-ranging multidisciplinary anthology presents original material from scholars in a variety of fields as well as a rare early article by Virginia Woolf. Exploring the leading edge of the species/gender boundary, it addresses such issues as the relationship between abortion rights and animal rights, the connection between woman-battering and animal abuse, and the speciesist basis for much sexist language. Also considered are the ways in which animals have been regarded by science literature and the environmentalist movement. A striking meditation on women and wolves is presented, as is an examination of sexual harassment and the taxonomy of hunters and hunting. Finally, this compelling collection suggests that the subordination and degradation of women is a prototype for other forms of abuse and that to deny this connection is to participate in the continued mistreatment of animals and women.

Women and the Animal Rights Movement Emily Gaarder, 2011-02-19 *Animal rights* is one of the fastest growing social movements today. Women greatly outnumber men as activists, yet surprisingly little has been written about the importance and impact of gender on the movement. *Women and the Animal Rights Movement* combats stereotypes of women activists as mere sentimentalists by exploring the political and moral character of their advocacy on behalf of animals. Emily Gaarder analyzes the politics of gender in the movement, incorporating in-depth interviews with women and participant observation of animal rights organizations, conferences, and protests to describe struggles over divisions of labor and leadership. Controversies over PETA advertising campaigns that rely on women's sexuality to sell animal rights illustrate how female crusaders are asked to prioritize the cause of animals above all else. Gaarder underscores the importance of a paradigm shift in the animal liberation movement, one that seeks a more integrated vision of animal rights that connects universally to other issues: gender, race, economics, and the environment, highlighting that many women activists recognize and are motivated by the connection between the oppression of animals and other social injustices.

Aristotle on Female Animals Sophia M. Connell, 2016-01-14 Analyzes the female in Aristotle's biology, leading to a reassessment of his hylomorphism, scientific methodology, and psychology.

Dark Horses and Black Beauties: Animals, Women, a Passion Melissa Holbrook Pierson, 2001-10-17 Thought provoking. A lovely testament to horses and women from all walks of life. *Chicago Tribune*: In a phenomenon too prevalent to be mere chance, little girls all over the Western world wake one day to find themselves completely taken over by the love of all things equine. Melissa Holbrook Pierson was one of those horse-crazy girls who later returned to riding with a new appreciation for the nature of horses.

Melding memoir sociology history anecdote and a bit of prose poetry *Dark Horses and Black Beauties* delves beneath the shallow hypotheses explaining women's connection to horses to look at how this communication with another animal opens us up to a new apprehension of the larger natural world *Women and Fairness* Eva Lambertsson Björk, Jutta Eschenbach, Johanna M. Wagner, 2021-05-07 This collection brings together scholars from various disciplines to ask fundamental questions concerning how women handle the manifold impediments placed before them as they simply attempt to live full human lives The collection explores narratives of women real and fictional who fight against these barriers who succumb to them who remain unaware of them or choose to ignore them It explores the ways we read women in cultural production and how women are read in society We assert the obstacles constructed into the very fabric of societies against fifty percent of the population are unfair be they hindrances for women to attain their goals encumbrances that limit women's speech and societal participation communal and artistic or hindrances that prohibit specific behaviors and images of women *Routledge International Encyclopedia of Women* Cheris Kramarae, Dale Spender, 2004-04-16 For a full list of entries and contributors sample entries and more visit the Routledge International Encyclopedia of Women website Featuring comprehensive global coverage of women's issues and concerns from violence and sexuality to feminist theory the Routledge International Encyclopedia of Women brings the field into the new millennium In over 900 signed A-Z entries from US and Europe Asia the Americas Oceania and the Middle East the women who pioneered the field from its inception collaborate with the new scholars who are shaping the future of women's studies to create the new standard work for anyone who needs information on women related subjects *Being Animal* Anna L.
