Acting Up Staging Enlightenment Francophones:

Acting Up Jeffrey M. Leichman, 2015-12-03 Acting concentrated both the aspirations and anxieties of seventeenth and eighteenth century France where theater was a defining element of urban sociability In *Acting Up Staging the Subject in Enlightenment France* Jeffrey M Leichman argues for a new understanding of the relationship between performance and self Innovative interpretations of La Chaussée Rousseau Diderot Rétif Beaumarchais and others demonstrate how the figure of the actor threatened ancien régime moral hierarchies by decoupling affect from emotion As acting came to be understood as an embodied practice of individual freedom attempts to alternately perfect and repress it proliferated Across religious diatribes and sentimental comedies technical manuals and epistolary novels Leichman traces the development of early modern acting theories that define the aesthetics philosophy and politics of the performed subject *Acting Up* weaves together cultural studies literary analysis theater history and performance studies to establish acting as a key conceptual model for the subject for the Enlightenment and for our own time *Contemporary Francophone African Plays* Judith G. Miller, 2024-05-17

Bringing together in English translation eleven Francophone African plays dating from 1970 to 2021 this essential collection includes satirical portraits of colonizers and their collaborators Bernard Dadié's *Batrice du Congo* Sony Labou Tansi's *I Undersigned* Cardiac Case's *Nouvo Agbota* Zinsou's *We're Just Playing* alongside contemporary works questioning diasporic identity and cultural connections Koffi Kwahulé's *SAMO A* Tribute to Basquiat and Penda Diouf's *Tracks Trails and Traces* The anthology memorializes the Rwandan genocide Yolande Mukagasana's testimony from Rwanda 94 questions the status of women in entrenched patriarchy Werewere Liking's *Singu Mura* Given That a Woman and follows the life of Elizabeth Nietzsche who perverted her brother's thought to colonize Paraguay Jos Pliya's *The Sister of Zarathustra* Gustave Akakpo's *The True Story of Little Red Riding Hood* and Kossi Efoui's *The Conference of the Dogs* offer parables about what makes life livable while Kangni Alem's *The Landing* shows the dangers of believing in a better life through migration outside of Africa

Playing the Martyr Christopher Semk, 2017-01-06 *Playing the Martyr* is a book about the interplay between theater and religion in early modern France Challenging the standard narrative of modernity as a process of increased secularization Christopher Semk demonstrates the centrality of religious thought and practices to the development of neoclassical poetics Engaging with a broad corpus of religious plays poetic treatises devotional literature and contemporary theory Semk shows that religion was a vital interlocutor in early modern discussions concerning the definition of verisimilitude the nature and purpose of spectacle the mechanics of acting and the position of the spectator Well researched and persuasively argued *Playing the Martyr* makes the case for a more complicated approach to the relationship between religion and literature namely one that does not treat religion as a theme deployed within literary works but as an active player in literary invention Indeed it makes the case for a serious reconsideration of the role that religion plays in the development of modern secular literary forms *Modes of Play in Eighteenth-Century France* Fayçal Falaky, Reginald McGinnis, 2021-11-12 Collecting

diverse critical perspectives on the topic of play from dolls bilboquets and lotteries to writing itself this volume offers new insights into how play was used to represent and reimagine the world in eighteenth century France In documenting various modes of play contributors theorize its relation to law religion politics and economics Equally important was the role of play in plays and the function of theatrical performance in mirroring and often contesting our place in the universe These essays remind us that the spirit of play was very much alive during the Age of Reason providing ways for its practitioners to consider more serious themes such as free will and determinism illusions and equivocations or chance and inequality Standing at the intersection of multiple intellectual avenues this is the first comprehensive study in English devoted to the different guises of play in Enlightenment France certain to interest curious readers across disciplinary backgrounds

Mormons in Paris Corry Cropper, Christopher M. Flood, 2020-10-16 Winner of the 2021 Best International Book Award from the Mormon History Association In the late nineteenth century numerous French plays novels cartoons and works of art focused on Mormons Unlike American authors who portrayed Mormons as malevolent others however French dramatists used Mormonism to point out hypocrisy in their own culture Aren t Mormon women because of their numbers in a household more liberated than French women who can t divorce What is polygamy but another name for multiple mistresses This new critical edition presents translations of four musical comedies staged or published in France in the late 1800s *Mormons in Paris* 1874 *Berthelier Meets the Mormons* 1875 *Japheth s Twelve Wives* 1890 and *Stephana s Jewel* 1892 Each is accompanied by a short contextualizing introduction with details about the music playwrights and staging Humorous and largely unknown these plays use Mormonism to explore and mock changing French mentalities during the Third Republic lampooning shifting attitudes and evolving laws about marriage divorce and gender roles Published by Bucknell University Press Distributed worldwide by Rutgers University Press
